

# Pig

## New Pig

Product Guide

The top Absorbent Mats,  
Spill Kits and Containment  
Products used in the world's  
most professional facilities.

# New Pig is the global leader in controlling leaks and spills.

New Pig's team of leak-and-spill professionals serves customers across Europe.

New Pig manufactures top-quality products for cleaning up leaks and spills. In 1985, New Pig revolutionised industrial cleanup with the PIG<sup>®</sup> ORIGINAL Absorbent Sock, the world's first contained absorbent. Since then we've emerged as the global leader in liquid management, with business operations in Europe and other continents since 1994.

### Ongoing Innovation

Today, we remain committed to innovation and the search for new solutions to our customers' problems. Through hard work and dedication, our products have won numerous awards for their superior performance.

### Unsurpassed Quality

Only the highest quality products leave our warehouses. Our manufacturing processes are ISO 9001 and ISO 14001 certified, ensuring consistent quality and environmental responsibility in the products we make.

### Established Credibility

As the founders of the contained absorbent industry, nobody has been in the business longer. For over 25 years, New Pig has been regarded as the world leader in leak and spill management, and our products are used by over 200,000 customers in more than 70 countries.

Absorbents  
Pages 4–27

Absorb leaks and drips with durable PIG<sup>®</sup> Mat Pads and Rolls.

**MAT203**

**PIG<sup>®</sup> Universal Mat Pads and Rolls**

**MAT203** • Heavy weight pads • 100/bag  
38 cm x 51 cm • Abs. up to 83.6 L/bag

**MAT230** • Heavy weight roll • 1 roll/bag  
76 cm x 46 m • Abs. up to 152.4 L/roll

Spill Control  
Pages 28–37

Economical kit is packed with quality PIG<sup>®</sup> Absorbents!

**PIG<sup>®</sup> Medium Mobile Container Kit – Universal**

**KITE202** • Kit • Abs. up to 183.1 L

**RFLE202** • Refill • Abs. up to 183.1 L

**KITE202 & RFLE202 Contents** • 16 Socks • 150 Mat Pads  
12 Pillows • 10 Temporary disposal bags and ties

Maintenance  
Pages 38–40

Stay dry and keep floors safe with a PIG<sup>®</sup> Leak Diverter.

**PIG<sup>®</sup> Leak Diverter for Roofs**

**TLS462** • 152 cm x 152 cm

NOTE: Limited chemical-resistance; not suitable for temperatures over 88°C.

Material Handling  
Pages 41–43

Use Poly Drum Funnels for splashless pouring and draining!

**PIG<sup>®</sup> Poly Drum Funnel**

**DRM452** • Funnel only • 14 cm H x 60 cm Dia.

**DRM454** • Funnel with cover • Black • 19 cm H x 63 cm Dia.

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

Containment  
Pages 44–49

Comply with regulations with PIG<sup>®</sup> Poly Spill Containment Pallets.

**PIG<sup>®</sup> Poly Spill Containment Pallets**

**PAK210** • 4-drum • 2.722 kg UDL load capacity  
250 L sump capacity • 130 cm W x 130 cm L x 25 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

# PIG® Quick-Selection Guide: Mats

We make it easy to choose the right PIG® Mat for your specific application. Just follow the Guide below from left to right, asking yourself these questions:

1. What liquids need to be absorbed?
2. How much wear resistance is needed?

3. How much liquid am I dealing with?  
This simple process will point to the Mat that best matches your needs.

Absorbency Options: L = Light weight M = Medium weight H = Heavy weight X = Extreme weight

Liquids Absorbed	Wear Resistance	Absorbency Options				PIG® Mat Name	Primary Application	Page
		L	M	H	X			
<b>Universal:</b> Absorbs and retains oils, coolants, solvents and water.  <b>For liquids like:</b> <ul style="list-style-type: none"> <li>Hydraulic oil</li> <li>Vegetable oil</li> <li>Gasoline</li> <li>Kerosene</li> <li>Antifreeze</li> <li>Propylene glycol</li> <li>Acetone</li> <li>Toluene</li> <li>Xylene</li> <li>MEK (methyl ethyl ketone)</li> </ul>	High Durability			•	•	PIG BLUE® Mat	Super-thirsty absorbent made from recycled fibres.	9
		•	•	•		PIG® Universal Mat	Soaking up leaks, drips and spills in everyday jobs.	6-7
		•		•		PIG® High-Visibility Mat	Absorbing liquids near poorly lit areas.	10
				•		PIG® Rip-&-Fit® Mat	Catching leaks and drips in irregularly shaped areas.	6-7
	Extra Durability		•			PIG® 4 IN 1® Mat	Performing a variety of cleanups with one product.	11
					•	PIG® FAT MAT® Universal Mat	Cleaning up high-volume spills with less product.	11
				•		PIG® Extra-Duty Universal Mat	Wiping up liquids on rough surfaces and glass.	10
				•		HAM-O® Universal Mat	Hiding absorbed liquids so work areas look clean.	11
	Super		•			PIG® RHINO™ Mat	Covering high traffic areas where ultra durability is needed.	13
			•			PIG® Elephant Mat	Covering areas with high foot traffic.	13
			•			TRAFFIC MAT® Rug	Covering floors in areas with forklift traffic.	13

Liquids Absorbed	Wear Resistance	Absorbency Options				PIG® Mat Name	Primary Application	Page
		L	M	H	X			
<b>Oil-Only:</b> Absorbs and retains oil-based liquids but not a drop of water.  <b>For liquids like:</b> <ul style="list-style-type: none"> <li>Motor oil</li> <li>Hydraulic oil</li> <li>Gasoline</li> <li>Diesel fuel</li> <li>Kerosene</li> </ul>	High Durability	•	•	•		PIG® White Oil-Only Mat	Absorbing oil-based liquids, making them easy to see.	14
			•			PIG® Brown Oil-Only Mat	Absorbing oil-based liquids, blending with environment.	15
				•		PIG® Rip-&-Fit® Oil-Only Mat	Catching leaks and drips in irregularly shaped areas.	14-15
		•		•		STAT-MAT® Pads and Rolls	Cleaning up drips and spills of highly flammable liquids.	16
	Extra Durability		•			PIG® 4 IN 1® Oil-Only Mat	Performing a variety of oily cleanups with one product.	11
					•	PIG® FAT MAT® Oil-Only Mat	Cleaning up high-volume spills with less product.	11
				•		HAM-O® Oil-Only Mat	Hiding absorbed liquids so work areas look clean.	11

Liquids Absorbed	Wear Resistance	Absorbency Options				PIG® Mat Name	Primary Application	Page
		L	M	H	X			
<b>HAZ-MAT:</b> Retains acids, caustics and unknown liquids.	High	•		•		PIG® HAZ-MAT Pads and Rolls	Absorbing leaks, drips and spills of acids, caustics or unknowns.	17
				•		PIG® Rip-&-Fit® HAZ-MAT Mat	Catching leaks and drips in small or irregularly shaped areas.	17

NOTE: For chemical compatibility information on Mats, please call your preferred distributor.

**PIG® UNIVERSAL MAT NOW CONTAINS 50% RECYCLED CONTENT**

For more information, please contact your distributor.

THE INSIDE STORY

# Nobody beats the built-in benefits of PIG® Mat!

For the biggest workplace leaks and spills, only the strongest absorbent mat will do — PIG® Mat. Other mats can't compare to the built-in benefits and hard-working performance that PIG® Mat delivers. And because PIG® Mat stays down longer, you'll change Mats less often, saving you both time and money.

Read on to learn what makes PIG® Mat better than any other mat on the market. In head-to-head comparisons, PIG® Mat comes out the clear winner every time. Always reach for the superior strength of PIG® Mat to keep your workplace clean and safe.

### Top Quality

When you see the PIG® logo, you know you're getting high-quality materials and superior design.

### Highly Absorbent

Fine fibres trap liquid so nothing runs out when you lift the Mat; prevents the spread of unwanted liquid.

### Everyday Liquids

Universal PIG® Mat absorbs oils, coolants, solvents and water.

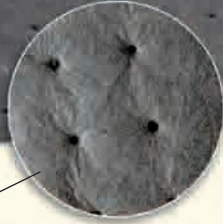

### Abrasion Resistant

PIG® Mat is Reciprocal Abrasion Tested (RAT-tested) to ensure it will stand up to foot traffic.

### Fast Wicking

Exclusive dimple pattern speeds wicking of liquid throughout Mat.

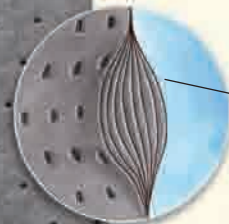

### Long Lasting

Dark grey colour helps hide dirt and grime.

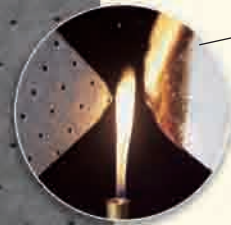

### Super Durable

Eight layers of thermally bonded, densely packed polypropylene give PIG® Mat superior durability.

### Flame Resistant

PIG® Mat melts when exposed to heat; cellulose mats burn immediately.

### Optional Backing

Choose PIG® Mat with poly backing to keep floors perfectly dry and clean.

#### Other brands ▼

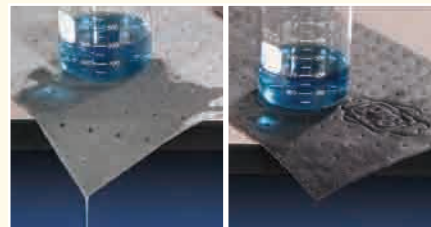

#### No residue!

Top-grade polymers make PIG® Mat strong so nothing is left behind — other brands break down and leave a mess.

#### ▼ PIG® Mat

#### Other brands ▼

#### Better retention!

PIG® Mat retains everything it soaks up with no dripping — other brands have loose fibres that can't hold onto liquids.

#### ▼ PIG® Mat

#### Other brands ▼

#### More durable!

PIG® Mat stands up to occasional foot traffic — other brands show wear almost instantly.

#### ▼ PIG® Mat

# No mat on the market outperforms top-quality PIG® Mat!

- **Strength** — eight thermally bonded layers won't rip, tear or fray even when saturated
- **Durability** — lasts longer so you replace it less often and save money
- **Wicking** — exclusive dimple pattern speeds wicking throughout mat, so spills disappear fast

MAT230

Also available with **poly backing** to keep floors absolutely dry.

**PIG® Barrel Top Mat** is precut for a perfect fit on 210-litre drums.

MAT185

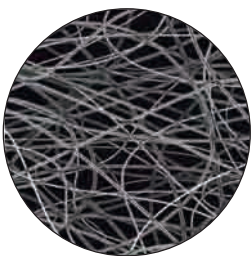

MAT203

MAT240

MAT208

MAT242

MAT2510

**Liquid retention** — fine-fibre polypropylene soaks up and holds in absorbed liquids

**PIG® Rip-&Fit® Mat** has multiple perforations to fit any space and reduce waste.

## Recommended for these industries:

- Metal cutting and bending
- Vehicle building and repair
- Equipment manufacturing
- Paper manufacturing and converting
- Specialised instrument fabrication

## Ideal for these uses:

- Catching drips and leaks under machinery
- Lining bench tops and work areas
- Absorbing overspray
- Wiping up minor spills during repairs
- Cleaning surfaces, parts or equipment

	<b>MAT226</b>	2 rolls/dispenser box	25cm W x 31m L	33.4 L

## PIG® Poly-Back Universal Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT283</b>	1 rolls/bag	79cm W x 23m L	77.7 L
	<b>MAT285</b>	50 pads/bag	39.5cm W x 51cm L	43.2 L

## PIG® Rip-&Fit® Universal Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT242</b>	1 roll/dispenser box	18m L x 38cm W	29.7 L
	<b>MAT243</b>	1 roll/bag	46m L x 38cm W	74.3 L

See PIG® Oil-Only Mat on pg. 14-15.

**All-in-one dispensing and disposal.**

PIG® Mat with Chuck® Box

- **Features**—boxes double as temporary disposal bins; includes PIG® Mat pads (see pg. 6 for details)
- **Industries**—metal cutting; vehicle repair; manufacturing
- **Applications**—catching leaks under machinery; absorbing overspray

Everything shown below nests in one box.

**PIG® Universal Mat with Chuck® Box**

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MATE2008</b>	200 pads/box	51cm x 38cm	167.2 L

**PIG® Oil-Only Mat with Chuck® Box**

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MATE4008</b>	200 pads/box	51cm x 38cm	167.2 L

**PIG® Brown Oil-Only Mat with Chuck® Box**

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MATE5008</b>	200 pads/box	51cm x 38cm	167.2 L

**Keep mat dry, even outside.**

PIG® Mat in an All-Weather Dispenser

- **Features**—polyethylene dispenser resists chemicals and the elements; hinged lid protects mat, even outdoors; includes PIG® Mat pads (see pg. 6 for details)
- **Industries**—metal cutting and bending; vehicle building and repair; equipment manufacturing
- **Applications**—catching drips and leaks under machinery; lining bench tops; absorbing overspray

**PIG® Universal Mat in an All-Weather Dispenser**

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT2006</b>	125 pads/dispenser box	34cm W x 41.5cm L x 47.5cm H	46.3 L
	<b>MAT2007</b>	80 pads/dispenser box	33.5cm W x 41cm L x 32.5cm H	29.6 L
	<b>MAT251</b>	100 pads/dispenser box	25cm W x 33 L	37.1 L

**Hang anywhere for easy dispensing.**

PIG® MAT TABLET® Pack

- **Features**—pop-up tabs let you hang pack on wall, workbench or forklift; each tablet holds 10 PIG® Mat pads (see pg. 6 for details); perforated at bound edge for easy tearing
- **Industries**—Metal cutting and bending; vehicle building and repair; equipment manufacturing; paper manufacturing
- **Applications**—Catching drips and leaks under machinery; lining bench tops and work areas; absorbing overspray

**PIG® MAT TABLET® Pack**

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT127</b>	10 pads/tablet 9 tablets/box	36cm W x 51cm L	74.3 L

# PIG BLUE® Mat is the most absorbent mat we've ever made!

- **Highly absorbent** — the most absorbent mat we've ever made
- **No leak zones** — absorbs liquid evenly for better wicking and retention
- **FiberFusion® technology** — adds strength to cellulose and absorbency to polypropylene
- **70% recycled content** — environmentally friendly construction

## Recommended for these industries:

- Metal cutting and bending
- Vehicle building and repair
- Equipment manufacturing
- Paper manufacturing and converting

## Ideal for these applications:

- Catching drips and leaks under machinery
- Lining bench tops and work areas
- Absorbing overspray

### PIG BLUE® Absorbent Mat Pads

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>BLU101</b>	100 pads/box	38cm W x 48cm L	129 L
	<b>BLU106</b>	50 pads/dispenser box	38cm W x 48cm L	64.5 L
Light	<b>BLU100</b>	100 pads/box	38cm W x 48cm L	91 L
	<b>BLU107</b>	50 pads/dispenser box	38cm W x 48cm L	45.5 L

Patent pending

### PIG BLUE® Absorbent Mat Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>BLU102</b>	1 roll	76cm W x 46m L	242.5 L
	<b>BLU103</b>	1 roll	38cm W x 46m L	121.3 L
Light	<b>BLU104</b>	1 roll	76cm W x 46m L	155.4 L
	<b>BLU105</b>	1 roll	38cm W x 46m L	77.7 L

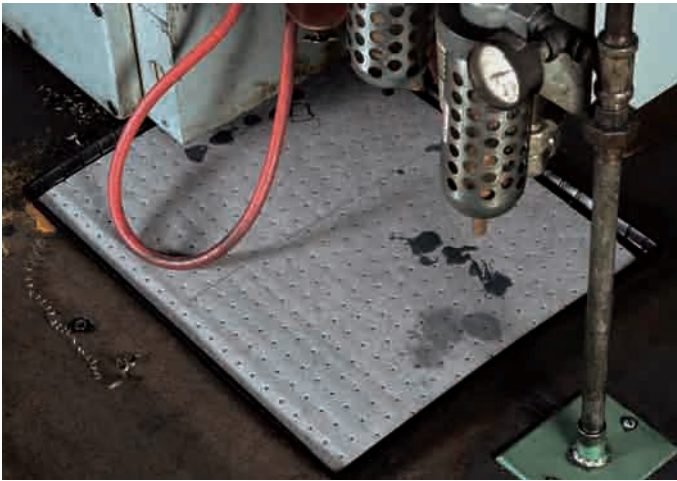

Patent pending

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Light	<b>BLU255</b>	25 pads/box	56cm Dia.	45.4 L

Patent pending

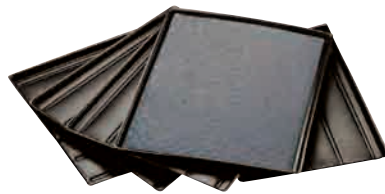

# Specialty PIG® Mat products for high

## Slide mat right under machines.

### PIG® Universal Mat Trough

- **Features**—chemical-resistant tray is a leakproof barrier; liquids can't get through to floor; low-profile to fit tight spaces; includes PIG® Mat pads (see pg. 6 for details)
- **Industries**—metal cutting and bending; vehicle building and repair; equipment manufacturing; paper manufacturing
- **Uses**—catching drips and leaks under machinery; absorbing overspray

### PIG® Universal Mat Trough

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT275</b>	5 trays, 75 pads/box	48cm W x 55cm L x 4cm H	61.5 L

## Alert workers to potential hazards.

### PIG® High-Visibility Yellow Mat

- **Features**—easy to see in poorly lit areas; identifies potential slipping hazards where leaks and spills are being cleaned up; same great features as PIG® Mat (see pg. 6 for details)
- **Industries**—metal cutting and bending; vehicle building and repair; equipment manufacturing; paper manufacturing
- **Uses**—catching drips and leaks under machinery; absorbing overspray; wiping up minor spills during repairs

### PIG® High-Visibility Yellow Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT605</b>	100 pads/dispenser box	38cm W x 51cm L	83.6 L
	<b>MAT630</b>	1 roll/bag	76m W x 46cm L	152.4 L

## Low-lint for tough wiping tasks.

### PIG® Extra-Duty Universal Mat

- **Features**—abrasion-resistant top and bottom layers for maximum durability; low-lint mat is ideal for wiping down glass and finished goods; plus same great features as PIG® Mat (see pg. 6 for details)
- **Industries**—metal cutting and bending; vehicle building and repair; equipment manufacturing; paper manufacturing
- **Uses**—wiping up minor spills during repairs; lining bench tops; catching drips and leaks under machinery; absorbing overspray

### PIG® Extra-Duty Universal Mat Roll

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT173</b>	100 pads/dispenser box	41cm W x 51cm L	68.7 L
	<b>MAT174</b>	50 pads/dispenser box	41cm W x 51cm L	34.3 L
	<b>MAT175</b>	1roll/bag	81cm W x 46cm L	139.3 L
	<b>MAT176</b>	1roll/bag	41cm W x 46cm L	69.6 L

# performance in specific applications.

It's a PAD!

It's a ROLL!

It's a SOCK!

It's a WIPE!

MAT235

MAT284

## One product takes the shape of four.

PIG® 4 IN 1® Absorbent Mat

- **Features**—perform a variety of applications with one product; may be the only absorbent you'll need to stock; abrasion-resistant top layer; shares same features as PIG® Mat (see pg. 6 for details)
- **Industries**—metal cutting; vehicle repair; manufacturing
- **Uses**—catching drips and leaks under machinery; lining bench tops; absorbing overspray

### PIG® 4 IN 1® Universal Absorbent Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT284</b>	1 roll/dispenser box	41cm W x 24m L	34.8 L
	<b>MAT235</b>	1 roll/bg	41cm W x 46m L	66 L

### PIG® HAM-O® Universal Mat Pads & Rolls – Grey

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT116</b>	1 Grey roll/bag	81cm W x 46m L	179.5 L
	<b>MAT117</b>	100 Grey pads/bag	41cm W x 51cm L	98.8 L

### PIG® HAM-O® Oil-Only Mat Rolls – Brown

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT437</b>	1 roll/bag	81cm W x 46m L	179.5 L

# Line floors in busy, high-traffic areas

## Combine absorbency and anti-fatigue.

### PIG® All-in-1 Mat

- **Features**— reusable tray has raised studs on back side for cushioning; won't slide underfoot; tray contains liquids from saturated mats; includes HAM-O® Mat (details on pg. 11)
- **Industries**— vehicle building and repairing; metal cutting and bending; manufacturing; fabrication of instruments
- **Uses**— absorbing liquids in front of machines and at workplaces; helps relieve tension from legs and back

### PIG® All-in-1 Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MATE906</b>	1 tray, 10 pads/bag	91cm W x 162cm L	58.5 L
	<b>RFLE906</b>	10 pads/bag	81cm W x 150cm L	58.5 L
	<b>MATE907</b>	1 tray, 10 pads/bag	91cm W x 314cm L	117.1 L
	<b>RFLE907</b>	10 pads/bag	81cm W x 300cm L	117.1 L

## Economical for moderate traffic.

### PIG® Recycled-Fibre Mat

- **Features**— combines absorbency with midrange abrasion resistance; 100% recycled
- **Industries**— vehicle building and repairing; metal cutting and bending; manufacturing; fabrication of instruments
- **Uses**— absorbing water of wet wheels; going in and out warehouse; overspray from heavily trafficked areas

### PIG® Recycled-Fibre Mat Pads & Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT276</b>	1 roll	91cm W x 61m L	199 L
	<b>MAT279</b>	12 pads and 1 tray	Tray: 96cm W x 142cm L Pad: 90cm W x 136cm L	45.4 L
	<b>MAT277</b>	12 pads/box	90cm W x 136cm L	45.4 L
	<b>MAT278</b>	Tray only	96cm W x 142cm L x 6mm H	

## Relieve fatigue, keep floors dry.

### PIG® Durable Cushioned Mat

- **Features**— extra-thick mat provides all-day relief; 6mm thickness helps prevent foot and leg fatigue; won't fray under moderate foot traffic; also ideal for high temperatures
- **Industries**— vehicle building and repairing; metal cutting and bending; manufacturing machinery and equipment
- **Uses**— absorbing liquids in front of machines and at workplaces; helps relieve tension from legs and back

### PIG® Durable Cushioned Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT228</b>	1 roll/bag	92cm W x 23m L	114 L

# with these tough, extra-durable mats.

## Highly durable, highly absorbent.

PIG® RHINO® Absorbent Mat

- **Features**—durable top layer resists wear; zigzag stitching adds even more strength; all the absorbency of original PIG® Mat (see pg. 6 for details)
- **Industries**—vehicle building and repairing; metal cutting and bending; manufacturing
- **Uses**—absorbing water of wet wheels; going in and out warehouse; overspray from heavily trafficked areas

### PIG® RHINO® Absorbent Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT2200</b>	1 roll/bag	84cm W x 46m L	87.1 L
	<b>MAT2201</b>	1 roll/bag	84cm W x 23m L	45.4 L

### PIG® RHINO® Poly-Back Absorbent Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT2202</b>	1 roll/bag	79cm W x 30m L	56.8 L

## Extra walk-on strength.

PIG® Elephant Mat

- **Features**—zigzag stitching stands up to heavy foot traffic; all the absorbency of original PIG® Mat (see pg. 6 for details)
- **Industries**—vehicle building and repairing; metal cutting and bending; manufacturing; fabrication of instruments
- **Uses**—absorbing water of wet wheels; going in and out warehouse; overspray from heavily trafficked areas

### PIG® Elephant Mat Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT234</b>	1 roll/bag	84cm W x 46m L	87 L
	<b>MAT256</b>	1 roll/bag	84cm W x 23m L	45.4 L
	<b>MAT286</b>	100 pads/bag	41cm W x 51cm L	49.2 L

### PIG® Elephant Poly-Back Absorbent Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT270</b>	1 roll/bag	79cm W x 30.5m L	56.7 L

## Tough enough for forklift traffic.

PIG® TRAFFIC MAT® Rug

- **Features**—heat-fused and needle-punched rug stands up to extreme traffic; poly-backing (MAT223) prevents soak-through
- **Industries**—vehicle building and repairing; metal cutting and bending
- **Uses**—absorbing water of wet wheels; overspray from heavily trafficked areas

### PIG® TRAFFIC MAT® Rug

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT218</b>	1 roll/bag	91cm W x 91m L	148 L
	<b>MAT218-01</b>	2 rolls/bag	46cm W x 91m L	148 L
	<b>MAT247</b>	1 roll/bag	61cm W x 91m L	98.4 L
	<b>MAT223</b>	1 poly-backed roll/bag	91cm W x 30m L	49 L

# PIG® Oil-Only Mat absorbs oil-based liquids but not a drop of water.

- **Repels water** — absorbs oil-based liquids without absorbing any water; floats even when saturated
- **Highly efficient** — water-repellent properties maximise the efficiency of mat when you only need to absorb oil
- **Shows drips** — bright white colour alerts you to the presence of oil
- **PIG® quality** — strong, durable and fast-wicking just like universal PIG® Mat

## Recommended for these industries:

- Manufacturing castings and other basic metal products
- Oil and gas extraction
- Vehicle building and repairing
- Public services (fire brigade/spill response teams)
- Military

## Ideal for these uses:

- Absorbing oil spillages on water
- Catching oily drips from underneath leaky machinery
- Wiping up oils during reparations or maintenance
- Absorbing generator leaks
- Absorbing vehicle leaks

### PIG® White Oil-Only Mat Pads

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT415</b>	50 pads/bag	38 cm W x 51 cm L	41.8 L
	<b>MAT403</b>	100 pads/bag	38 cm W x 51 cm L	83.6 L
Medium	<b>MAT460</b>	125 pads/bag	38 cm W x 51 cm L	82.3 L
Light	<b>MAT423</b>	200 pads/bag	38 cm W x 51 cm L	83.6 L

### PIG® White Oil-Only Mat Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT425</b>	2 rolls/bag	38cm W x 46m L	152.4 L
	<b>MAT424</b>	1 roll/bag	61cm W x 46m L	122.6 L
	<b>MAT401</b>	1 roll/bag	76cm W x 46m L	152.4 L
Medium	<b>MAT461</b>	1 roll/bag	76cm W x 61m L	161 L
Light	<b>MAT462</b>	1 roll/bag	76cm W x 46m L	76.2 L
	<b>MAT419</b>	1 roll/bag	76cm W x 91m L	152.4 L

### PIG® White Oil-Only Mat Pads in a Dispenser Box

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT440</b>	100 pads/dispenser box	38cm W x 51cm L	83.6 L

### PIG® Oil-Only Mat in a Bench Box® Dispenser

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT4510</b>	4 boxes of 25 pads	33cm W x 25cm L	37.1 L

### Rip-&-Fit® White Oil-Only Mat Roll

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT442</b>	1 roll/dispenser box	38cm W x 18m L	29.7 L
	<b>MAT443</b>	1 roll/bag	38cm W x 46m L	74.3 L

# PIG® Brown Oil-Only Mat absorbs oil, not water and hides grime to stay on the job longer.

- **Repels water** — absorbs oil-based liquids without absorbing any water; floats even when saturated
- **Hides drips** — brown colour hides grime and blends in with natural environments
- **PIG® quality** — strong, durable and fast-wicking just like universal PIG® Mat

**PIG® Rip-&-Fit®** Oil-Only Mat has multiple perforations to fit any space and reduce waste.

**Barrel Top Mat** is precut for a perfect fit on 210-litre drums.

Brown mat hides absorbed oil for a clean appearance.

## Recommended for these industries:

- Manufacturing castings and other basic metal products
- Oil and gas extraction
- Vehicle building and repairing
- Public services (fire brigade/spill response teams)
- Military

## Ideal for these uses:

- Absorbing oil spillages on water
- Catching oily drips from underneath leaky machinery
- Wiping up oils during reparations or maintenance
- Absorbing generator leaks
- Absorbing vehicle leaks

### PIG® Brown Oil-Only Mat Pads

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT503</b>	100 pads/bag	38cm W x 51cm L	83.6 L
Medium	<b>MAT502</b>	125 pads/bag	38cm W x 51cm L	82.3 L
Light	<b>MAT504</b>	200 pads/bag	38cm W x 51cm L	83.6 L

### PIG® Brown Oil-Only Mat Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT520</b>	2 rolls/bag	38cm W x 46m L	152.4 L
	<b>MAT530</b>	1 roll/bag	76cm W x 46m L	152.4 L
Medium	<b>MAT578</b>	1 roll/bag	76cm W x 46m L	76.2 L

Light	<b>MAT525</b>	1 roll/bag	76cm W x 91m L	152.4 L
	<b>MAT545</b>	1 roll/bag	61cm W x 91m L	122.6 L

### PIG® Brown Oil-Only Mat Pads in a Dispenser Box

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT540</b>	100 pads/dispenser box	38cm W x 51cm L	83.6 L

### PIG® Oil-Only Brown Mat in a Bench Box® Dispenser

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT5510</b>	4 boxes of 25 pads	33cm W x 25cm L	37.1 L

### Rip-&-Fit® Brown Oil-Only Mat Roll

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT542</b>	1 roll/dispenser box	38cm W x 18m L	29.7 L

### PIG® Brown Oil-Only 210L Barrel Top Mats

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT508</b>	25 pads/box	56cm Dia.	26 L
Light	<b>MAT544</b>	25 pads/box	56cm Dia.	13.2 L

## Remove oil, extend coolant life.

### PIG® Coolant Skimming Pads

- **Features**—quilted pads float in tank at coolant level; won't sink, even if surfactants or soaps are present; saves money on coolant disposal and replacement
- **Industries**—metal cutting industry; machine and tool manufacturing
- **Uses**—cleaning coolant circulation systems; extending life span of coolant fluid

#### PIG® Coolant Skimming Pads

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>SKM221</b>	20 pads/box	28cm W x 36cm L	4,7 L

## Quickly absorb thick liquids.

### PIG® Heavy Fluids Mat

- **Features**—porous air space allows heavy-fluid absorption; polyester fibre pad absorbs viscous liquids like crude oil, paint, glue, syrups and more
- **Industries**—paint industry, adhesive industry, plastics industry
- **Uses**—absorbing thick fluids like paint, glue and crude oil; used as packaging material for transporting thick liquids

#### PIG® Heavy Fluids Mat

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT209</b>	50 pads/bag	56cm W x 46cm L	182 L
	<b>MAT210</b>	1 roll/bag	56cm W x 26m L	208 L

Perfect for cleaning up spills in fueling sites and other areas where flammable vapours may exist.

**MAT402**

**MAT414**

## Clean up highly flammable liquids.

### PIG® STAT-MAT® Pads and Rolls

- **Features**—pads and rolls are topically treated to dissipate static; specially treated packaging minimises sparking; absorbs solvents, cleaning fluids and petroleum-based liquids including acetone, gasoline, xylene, mineral spirits, benzene, toluene and jet fuels
- **Industries**—refineries; military; airports; chemical industry
- **Uses**—absorbing flammables; used as shelf liner for cabinets; absorbing fuels, like kerosene and gasoline

#### STAT-MAT® Pads

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT414</b>	50 pads/bag	38cm W x 51cm L	41.8 L
	<b>MAT214</b>	100 pads/box	38cm W x 51cm L	83.6 L
Light	<b>MAT215</b>	200 pads/box	38cm W x 51cm L	83.6 L

#### STAT-MAT® Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT402</b>	1 roll/bag	76cm W x 46m L	152.4 L

# PIG® HAZ-MAT Pads and Rolls absorb the widest range of acids, caustics and unknown liquids.

- **Specially treated** — even absorbs high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- **Emergency response** — pink colour alerts workers of hazardous situation
- **Wicking** — exclusive dimple pattern speeds wicking throughout mat, so spills disappear fast

PIG® Rip-&-Fit® HAZ-MAT Roll has multiple perforations to fit any space and reduce waste.

Spills of unknown liquids could be hazardous — play it safe with PIG® HAZ-MAT absorbents.

## Recommended for these industries:

- Chemical production companies
- Industries that use chemical processes
- Laboratories
- Manufacturing companies of rubber or plastics
- Public services (fire brigade/spill response teams)

## Ideal for these uses:

- Absorbing liquids in case of a chemical spill
- Absorbing battery acid spills from vehicles
- Bench top cleanup of low-volume chemical spills
- As packaging material for chemical transport

### PIG® HAZ-MAT Pads

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT301</b>	100 pads/bag	38cm W x 51cm L	83.6 L
	<b>MAT310</b>	50 pads/bag	38cm W x 51cm L	41.8 L
Light	<b>MAT302</b>	200 pads/bag	38cm W x 51cm L	83.6 L

### PIG® HAZ-MAT Mat Pads in a Dispenser Box

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT351</b>	100 pads/dispenser box	25cm W x 33cm L	37.1 L

### Rip-&-Fit® HAZ-MAT Roll

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT342</b>	1 roll/dispenser box	38cm W x 18m L	29.7 L
	<b>MAT343</b>	1 roll/bag	38cm W x 46m L	74.3 L

### PIG® HAZ-MAT Mat in a Bench Box® Dispenser

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT3510</b>	4 boxes of 25 pads	33cm W x 25cm L	37.1 L

### PIG® HAZ-MAT Rolls

Weight	Item #	Qty/Packaging	Size	Absorbs / Pkg
Heavy	<b>MAT309</b>	1 roll/bag	76cm W x 46m L	152.4 L

ATTENTION: Independent testing indicates that PIG® HAZ-MAT products are compatible with, and absorb, most acids and caustics. Due to variables and conditions of application beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction.

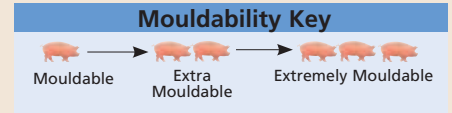

To insure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG® HAZ-MAT products prior to purchase. If you have any questions or need samples to test, please call your local distributor.

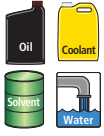

# Choose the best PIG<sup>®</sup> Sock for your application!

## To use this Sock Selection Guide ...

1. Determine the type and amount of liquids you'll be absorbing.
2. Determine where you'll use the sock, the absorbency, filler and type of mouldability needed.

For more help choosing the right PIG<sup>®</sup> Sock for your application, please contact your preferred distributor.

Liquids Absorbed	PIG <sup>®</sup> Sock	Absorbency	Filler	Mouldability	Special Features
 <b>UNIVERSAL: OILS, COOLANTS, SOLVENTS AND WATER</b>	 <b>PIG<sup>®</sup> ORIGINAL Sock</b>	 Absorbs up to 3.25L per Sock	Corncob		Most economical sock hugs machine bases; creates less dust than clay.
	 <b>PIG<sup>®</sup> BLUE Sock</b>	 Absorbs up to 7L per Sock	Fine Filler Particles (Vermiculite)		Hugs floors so you can use it for leaking machinery or for spill response.
	 <b>PIG<sup>®</sup> SUPER Sock</b>	 Absorbs up to 7.6L per Sock	Recycled Cellulose		Highly absorbent sock needs to be replaced less often, so you save money.
 <b>OIL-ONLY (not water)</b>	 <b>PIG<sup>®</sup> SKIMMER Sock</b>	 Absorbs up to 9.5L per Sock	Polypropylene		Tough enough to absorb oil from acid baths; skin is UV resistant.
	 <b>PIG<sup>®</sup> Oil-Only Sock</b>	 Absorbs up to 3.8L per Sock	Recycled Material Filler		Repels rainwater for outdoor oil cleanup; skin is UV resistant.
 <b>MOST ACIDS &amp; CAUSTICS</b>	 <b>PIG<sup>®</sup> HAZ-MAT Sock</b>	 Absorbs up to 9.5L per Sock	Polypropylene		Won't degrade upon contact with harsh or aggressive liquids.

## PIG<sup>®</sup> Oil-Only Socks for easy outdoor cleaning.

- Socks absorb only oil-based liquids; completely repel rainwater
- Filler made from recycled materials
- SKM210 resists UV light for a usable outdoor product life of up to 12 months
- SKM500 is ideal for indoor maintenance applications
- Can be incinerated to reduce waste

NOTE: Not for use around acids or caustics.

**OIL-ONLY** for Oil, NOT Water

### PIG<sup>®</sup> Oil-Only Absorbent Sock

**SKM210** • 12/box • 8 cm Dia. x 122 cm L  
Absorbs 45.6 L/box

**SKM500** • 30/box • 8 cm Dia. x 122 cm L  
Absorbs 113.7 L/box

## PIG<sup>®</sup> SKIMMER Socks absorb oil from acid baths.

- Chemical-resistant polypropylene skin and filler pulls oils away from acids, chemicals, rainwater and other water-based liquids
- Easy to retrieve — floats on surface even after fully saturated
- Skin remains UV resistant for up to 12 months; meets NFPA 99 standards for static decay

**OIL-ONLY** for Oil, NOT Water

### PIG<sup>®</sup> SKIMMER Socks

**SKM203** • 6/box • 8 cm Dia. x 3 m L  
Absorbs 57 L/box

**104PS** • 10/box • 8 cm Dia. x 122 cm L  
Absorbs 38 L/box

## Absorb most acid, caustic or unknown liquid spills.

PIG<sup>®</sup> HAZ-MAT Absorbents even absorb liquids with high concentrations like 98% sulfuric acid and 30% sodium hydroxide! Choose **socks** for small spills or **dikes** for larger spills.

**HAZ-MAT** for most Acids & Caustics

### PIG<sup>®</sup> HAZ-MAT Absorbent Socks

**124CR** • 12/box • 8 cm Dia. x 117 cm L  
Absorbs 36 L/box

**PIG301** • 6/box • 8 cm Dia. x 3 m L  
Absorbs 45 L/box

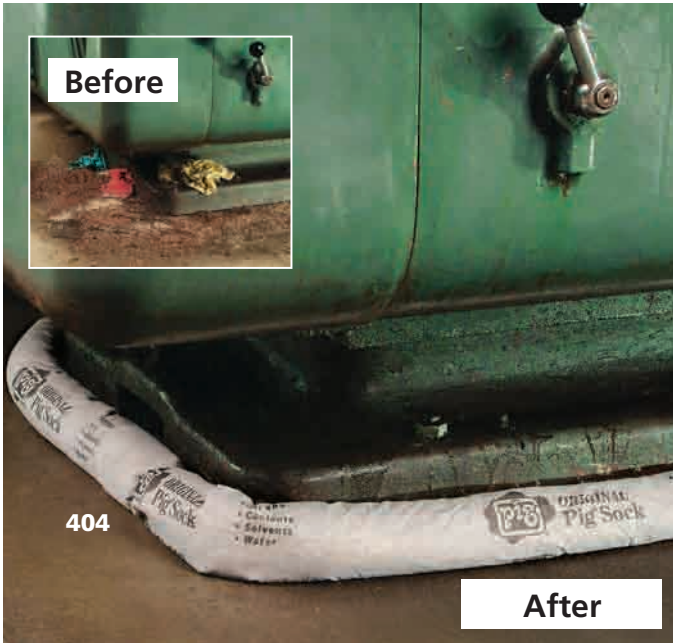

### PIG<sup>®</sup> HAZ-MAT Absorbent Dikes

**HA1010** • 2/box • 13 cm Dia. x 3 m L  
Absorbs 68L/box

**HA2010** • 2/box • 20 cm Dia. x 3 m L  
Absorbs 121 L/box

ATTENTION: Independent testing indicates that PIG<sup>®</sup> HAZ-MAT products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction.

To insure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG<sup>®</sup> HAZ-MAT products prior to purchase. If you have any questions or need samples to test, please call your local distributor.

**Economical PIG® ORIGINAL Socks are great for daily use!**

- The PIG® ORIGINAL Sock is a self-contained absorbent — no more messy granular absorbents to clean up
- Our most flexible sock fits around machines and in tight spaces to stop leaks at their sources
- Durable polypropylene skin creates less dust than clay
- Corncob filler pulls liquids from the floor; won't leach or leak

**Most Economical!**

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® ORIGINAL Absorbent Socks**

**204** • 20/box • 8 cm Dia. x 107 cm L  
Absorbs 38 L/box

**404** • 40/box • 8cm Dia. x 107 cm L  
Absorbs 76 L/box

**PIG218** • 36/box • 8 cm Dia. x 61 cm L  
Absorbs 29.8 L/box

**PIG209** • 16/box • 8 cm Dia. x 2.4 m L  
Absorbs 52 L/box

**PIG205** • 60/box • 5 cm Dia. x 107 cm L  
Absorbs 56.8 L/box

**PIG® BLUE Socks hug floors to stop spills from spreading.**

- Heavy, dense construction helps socks stay in place and hold liquids back
- Fine-grade vermiculite filler provides superior diking; also great for soaking up machine leaks and drips
- Versatile socks are ideal for use all over your workplace
- No messy cleanup — simply replace when saturated

**Best Diking!**

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® BLUE Absorbent Socks**

**MA1097** • 50/box • 4 cm Dia. x 74 cm L  
Absorbs 34 L/box

**4048** • 40/box • 8 cm Dia. x 122 cm L  
Absorbs 112 L/box

**2048** • 20/box • 8 cm Dia. x 122 cm L  
Absorbs 56 L/box

**PIG201** • 55/box • 8 cm Dia. x 61 cm L  
Absorbs 78 L/box

**PIG202** • 8/box • 8 cm Dia. x 3 m L  
Absorbs 56 L/box

**PIG203** • 4/box • 8 cm Dia. x 6 m L  
Absorbs 56 L/box

**PIG217** • 4/box • 13 cm Dia. x 3 m L  
Absorbs 120 L/box

**PIG® SUPER Socks stay down longer to save you money!**

- Our most absorbent Sock is ideal for heavy leaks
- 100% recycled cellulose filler is environmentally friendly; absorbs up to 3.8 litres of liquid per metre
- Fits snugly around machine bases — eliminates messy loose absorbents
- Can be incinerated to reduce waste

**Most Absorbent!**

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® SUPER Absorbent Socks**

**PIG212** • 35/box • 6 cm Dia. x 107 cm L  
Absorbs 66.3 L/box

**PIG210** • 24/box • 8.25 cm Dia. x 107 cm L  
Absorbs 91.2 L/box

**PIG211** • 48/box • 8.25 cm Dia. x 53 cm L  
Absorbs 91.2 L/box

**PIG214** • 12/box • 8.25 cm Dia. x 213 cm L  
Absorbs 91.2 L/box

PIL201

PAN201

## Reuse the pan—just replace the pillow!

- Fast-wicking, 100% recycled cellulose filler is highly absorbent
- Polypropylene cover resists rough handling; stronger PIG® SUPER Pillows are wringable
- Use a pan (PAN201, PAN204) to keep floors completely dry

### UNIVERSAL for Oils, Coolants, Solvents & Water

#### PIG® Pillows

**PIL204** • Small • 40 pillows/box  
25 cm W x 25 cm L x 5 cm H • Absorbs 76 L/box

**PIL201** • Large • 16 pillows/box  
43 cm W x 53 cm L x 5 cm H • Absorbs 121 L/box

#### PIG® SUPER Pillows

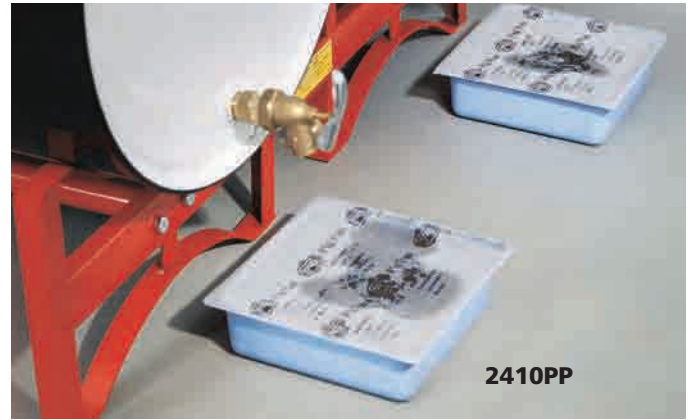

**PIL205** • Low profile • 14 pillows/box  
20 cm W x 51 cm L x 4 cm H • Absorbs 53 L/box

#### PIG® Pillow-in-a-Pan

**PAN201** • 12 pans and 24 pillows/box  
Pans: 27 cm W x 27 cm L x 8 cm H  
Pillows: 25 cm W x 25 cm L x 5 cm H • Absorbs 45 L/box

#### PIG® SUPER Pillow-in-a-Pan

**PAN204** • 12 pans and 12 pillows/box  
Pans: 51 cm W x 20 cm L x 5 cm H  
Pillows: 51 cm W x 20 cm L x 4 cm H • Absorbs 45 L/box

2410PP

## Absorbent filler inside PIG® Pan traps drips to keep floors clean and safe.

- Polypropylene PIG® Pan holds 2.8 L of liquid
- Low profile fits tight spaces
- Won't spill if knocked over; absorbent holds in the liquid

### UNIVERSAL for Oils, Coolants, Solvents & Water

#### PIG® Pans

**2410PP** • 24 pans/box • 27 cm L x 27 W cm x 8 cm H  
Absorbs 68 L/box

**2410PP-01** • 12 pans/box • 27 cm L x 27 cm W x 8 cm H  
Absorbs 34 L/box

#### PIG® Heavy Fluids Pan

**PAN202** • 6 pans • 27 cm L x 27 cm W x 8 cm H  
Absorbs 13.3 L/box

## Easily remove oil from your water circulators!

- Absorbs solvents and impurities for higher-quality printing with less cleanup time
- Maintains pH and conductivity of the fountain solution in your water circulator
- Small enough to fit into your water circulator, sump or bilge

### OIL-ONLY for Oil, NOT Water

#### PIG® Printer's Pillow

**PIL406** • 8 pillows/bag • 12 cm W x 23 cm L  
Absorbs 4.5 L/bag

PIL203

## Absorb oily spills to minimise environmental damage.

- Quickly absorbs large amounts of oil-based liquids
- Pillows float for easy retrieval
- Polypropylene cover resists tearing and is UV resistant for up to 12 months
- Pillows are treated to dissipate static; can be used to absorb flammable liquids

### OIL-ONLY for Oil, NOT Water

#### PIG® SKIMMER Pillows

**PIL405** • Small • 10/box  
31 cm W x 31 cm L x 3 cm H • Absorbs 19 L/box

**PIL203** • Large • 10/box  
41 cm W x 43 cm L x 5 cm H • Absorbs 38 L/box

PIL302

## PIG® HAZ-MAT Pillows absorb most acids and caustics.

- Treated to absorb liquids with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Large surface area and fast-wicking filler absorb large amounts of liquid

### HAZ-MAT for most Acids & Caustics

#### PIG® HAZ-MAT Pillows

**PIL302** • Small • 20/box  
20 cm W x 20 cm L x 3 cm H • Absorbs 17.8 L/box

**PIL306** • Small • 10/box  
20 cm W x 20 cm L x 3 cm H • Absorbs 8.9 L/box

**PIL307** • Medium • 10/box  
20 cm W x 43 cm L x 5 cm H • Absorbs 22.5 L/box

**HR7015** • Large • 10/box  
43 cm W x 41 cm L x 5 cm H • Absorbs 38 L/box

ATTENTION: We recommend that you conduct compatibility and absorption testing of your chemicals with PIG® HAZ-MAT products prior to purchase. See note on page ^^ for details.

## PIG® Oil-Only Booms soak up oil on land or water.

- High-visibility rope, clips and rings facilitate easy deployment and retrieval
- Can withstand up to 180kg of load
- Meet NFPA 99 standards for static decay and have a UV-treated spunbond

PIG® Oil-Only Booms are ideal for absorbing fuel spills — even in the rain.

skin that increases UV exposure up to 12 months

### OIL-ONLY for Oil, NOT Water

#### PIG® Oil-Only Booms

**BOM304** • 4/bag • 20 cm Dia. x 3 m L  
Absorbs 181.6 L/bag

**BOM405** • 4/bag • 13 cm Dia. x 3 m L  
Absorbs 90.8 L/bag

**BOM406** • 8/bag • 8 cm Dia. x 3 m L  
Absorbs 60 L/bag

**BOM409** • 2/bag • 20 cm Dia. x 6 m L  
Absorbs 181.6 L/bag

**BOM408** • 2/bag • 13 cm Dia. x 6 m L  
Absorbs 90.8 L/bag

## Spaghetti-strip filler absorbs high-viscosity oils.

- Spaghetti-strip filler absorbs thick oil-based liquids but repels water; UV-resistant mesh skin allows petroleum to penetrate and be absorbed
- Metal clips and rings for added strength when deploying or retrieving
- Won't sink, even when saturated

Clip together booms to encircle and contain oil spills.

### OIL-ONLY for Oil, NOT Water

#### PIG® Spaghetti Socks

**BOM204** • 8/bag • 8 cm Dia. x 3 m L  
Absorbs 60 L/bag

**BOM404** • 4/bag • 8 cm Dia. x 6 m L  
Absorbs 60 L/bag

#### PIG® Spaghetti Booms

**BOM202** • 4/bag • 20 cm Dia. x 3 m L  
Absorbs 181.6 L/bag

**BOM203** • 4/bag • 13 cm Dia. x 3 m L  
Absorbs 90.8 L/bag

**BOM402** • 2/bag • 20 cm Dia. x 6 m L  
Absorbs 181.6 L/bag

**BOM403** • 2/bag • 13 cm Dia. x 6 m L  
Absorbs 90.8 L/bag

Spaghetti strips provide increased surface area for attracting thick, floating oil.

Internal rope adds strength when deploying and retrieving.

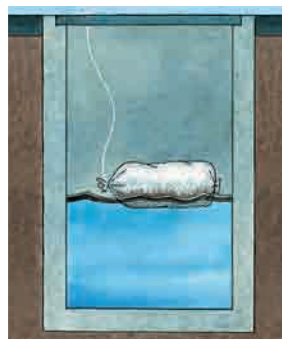

## Remove oil from water in sumps, pits, tanks or bilges.

- **20 cm Skimmer** (SKM403) absorbs up to 6.8 litres of oil-based liquids per Skimmer
- **8 cm Skimmer** (SKM404) absorbs up to 1.4 litres of oil-based liquids per Skimmer

20 cm ø

8 cm ø

Attach a rope for easy retrieval during inspections or changeouts.

### OIL-ONLY for Oil, NOT Water

#### PIG® Sump Skimmers

**SKM403** • 12/box • 46 cm L x 20 cm Dia.  
Absorbs 81.6 L/box

**SKM404** • 25/box • 46 cm L x 8 cm Dia.  
Absorbs 35 L/box

## PIG<sup>®</sup> Quick-Selection Guide: Loose Absorbents

Some cleanup tasks are better suited for a loose absorbent. And with 14 different products to choose from, you're sure to find the perfect solution for your application.

Use the chart below to compare features across our entire range. Products are grouped in Universal, Oil-Only and HAZ-

MAT for your convenience.

Need help choosing? Contact your local distributor and ask for assistance!

Choose from  
14 different loose  
absorbents!

	Name	Material	Close-up View	Non-flammable / Fire-retardant	Non-abrasive	Reduces Odours	Low Dust	Retains Shape When Wet	Solidifies Spills	Recycled / Organic Content	Removes Oily Sheen (Road Use)	Page

NOTE: Not recommended for use with acids or caustics.

PLP201

## LITE-DRI® Absorbent is half the weight of clay — and absorbs up to 3 times more!

- LITE-DRI® Absorbent pulls in three times more than clay
- Weighs only 10 kg or less per bag; much lighter than clay
- Labour costs drop dramatically; when you use less material for cleanup, you clean up less material
- Made of 100% recycled cellulose, LITE-DRI® Absorbent begins to absorb the moment it touches liquid
- Non-abrasive material won't harm machinery

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**LITE-DRI® Absorbent**

PLP201 • 10 kg bag • Absorbs 30 L/bag

Works great on paint spills, as well as other thick liquids.

PLP211

## Shop Dri® Floor Sweep picks up all of the spill, even the slippery sheen.

- Absorbs spills right down to the floor surface; leaves nothing behind but a clean, safe, non-slip surface
- Fine volcanic ash and non-abrasive wood chip material allows easy spreading
- Loose material cleans up spills completely without harming expensive machinery
- Crystalline silica-safe

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® Shop Dri® Floor Sweep**

PLP211 • 1 bag • 7.7 kg/bag • Absorbs 7.5 L/bag

PLP207 • 18.2 kg • Absorbs 27 L/bag

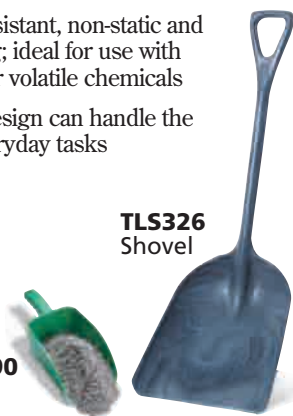

PLP214 • Shaker bottle • 4 bottles/pack • Absorbs 13.2 L/pack

## All-poly shovel and scoop won't rust or corrode!

- Chemical resistant, non-static and non-sparking; ideal for use with flammable or volatile chemicals
- One-piece design can handle the abuse of everyday tasks

TLS326  
Shovel

TLS290  
Scoop

**Polypropylene Tools**

**REMCO**  
PRODUCTS

TLS290 • Non-Sparking Scoop • 15 cm W x 23 cm L x 9 cm H

TLS326 • Industrial Shovel • 36 cm W x 107 cm L x 43 cm H

## Silica-safe absorbent spreads like clay and absorbs twice as much.

- Made of 100% recycled silica-safe, cellulose-based, crystalline kaolin granules
- Actually absorbs oil (as opposed to clay, which only becomes coated with oils), so you'll use less; saves you money on inventory and disposal
- Granules are lighter than clay—yet absorb twice as much liquid
- Non-abrasive, low-dust composition will not harm floors or machinery

PLP213

PLP219

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® DRI Loose Absorbent**

PLP213 • Sold by pallet of 50 (18.1 kg) bags  
Absorbs 945 L/pallet

PLP219 • 2.27 kg shaker bottle • 4/box Absorbs 9.5 L/pack  
19 cm W x 30 cm L x 13 cm H

## Absorb-&-Lock<sup>®</sup> Absorbent captures liquids and “locks” them inside for safe disposal.

Forms a solid mass without expanding for easy cleanup.

**PLP500**

- Highly absorbent co-polymers permanently “lock” in liquids; won’t leak or revert to liquid state when handled or pressurised
- Forms a solid mass without expanding for easier, less expensive cleanup
- Non-toxic product is safe to handle
- Locking in liquid helps reduce odours
- Non-abrasive product will not damage floors or machinery
- High Btu value produces less than 0.1% ash content when burned; ideal for fuels blending and incineration

## Accelerate spill cleanup with Skimming Pulp.

- Absorbs petroleum-based liquids in hard-to-reach areas
- 100% virgin polypropylene is easy to spread and handle
- Floats; will not sink when saturated

**PLP501**  
for Acids

**PLP502**  
for Caustics

**PLP503**  
for Bio-Fluids

### PIG<sup>®</sup> Absorb-&-Lock<sup>®</sup> Absorbent

**PLP500** • For oils • 4 shaker bottles/case  
Absorbs up to 30.3 L/case

**PLP501** • For acids • 4 shaker bottles/case  
Absorbs up to 60.6 L/case

**PLP502** • For caustics/bases • 4 shaker bottles/case  
Absorbs up to 60.6 L/case

**PLP503** • For bio-fluids • 4 shaker bottles/case  
Absorbs up to 121.1 L/case

**OIL-ONLY** for Oil, NOT Water

### PIG<sup>®</sup> Skimming Pulp

**SA8010** • 2.3 kg bag • Absorbs up to 28.4 L/bag

## PIG<sup>®</sup> HAZ-MAT Pulp absorbs small chemical spills with no hassle.

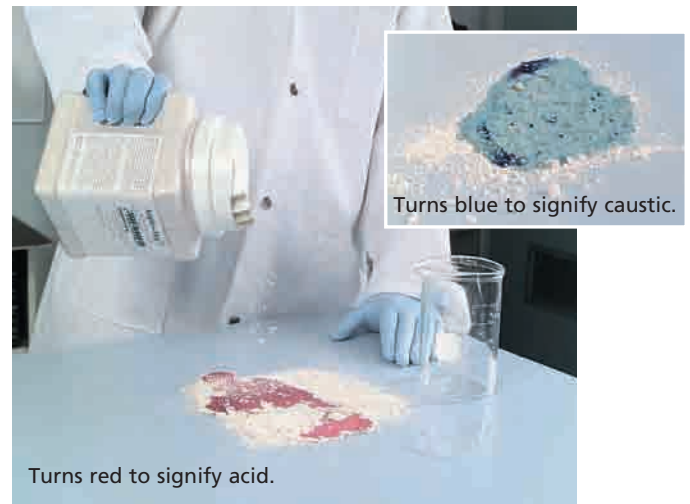

- Light weight and able to pull in up to 10 times its weight
- Fast wicking for those first critical moments of spill cleanup
- Specially treated to absorb high concentrations of corrosives, such as 98% sulfuric acid and 30% sodium hydroxide
- Non-toxic, dust free and non-abrasive

**HAZ-MAT** for most Acids & Caustics

### PIG<sup>®</sup> HAZ-MAT Pulp

**HA8010** • 2.3 kg bag • Absorbs up to 22.7 L/bag

We recommend that you conduct compatibility and absorption testing of your chemicals with PIG<sup>®</sup> HAZ-MAT products prior to purchase. See note on page 18 for more details.

Turns red to signify acid.

Turns blue to signify caustic.

## Quickly identify acids or caustics for safer cleanup.

- Ampho-Mag<sup>™</sup> Neutraliser turns acids red and caustics blue
- When neutralised, spills turn green/yellow, so you can clean them up safely
- Non-abrasive composition will not harm floors or countertops

**HAZ-MAT** for most Acids & Caustics

### Ampho-Mag<sup>™</sup> Neutraliser

**PLP217** • 6 - 1.4 kg shaker bottles

**Granular organic product is fireproof and leaves floors dry and safe.**

- Made of resin wood dust dried at high temperatures and processed to develop a fireproof behaviour
- Leaves floors clean, dry and safe without the oily sheen
- Renewable resource absorbent is incinerable, giving it a low environmental impact

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® FIRE-DRI**

**PLPE270** • 6 kg bag • Absorbs up to 15 L

P45-1

**Non-combustible loose absorbs many times its own weight.**

- Can be used as an absorbent media in enclosed containers
- Remains granular, even when saturated; stands up to heavy traffic without releasing liquids
- Particle size of 3.0 mm to 6.0 mm
- Chemically inert and non-toxic mineral product

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® Crysta-lite Absorbent Granules**

**P45-1** • 3.5 kg bag • Absorbs up to 18 L/bag

**P45-PLT** • 70 bags/pallet • Absorbs up to 1,260 L/pallet

**Organic PIG® PEAT quickly absorbs oils, fuels and solvents.**

- Repels water while absorbing oil-based liquids; also good in pour-through filters
- Just sprinkle it on a spill, then sweep it up; even removes oily sheen
- Super absorbent and light-weight; non-toxic, non-abrasive material absorbs up to six times its weight of oil
- Not recommended for use on water; only floats for maximum of 24 hours

**OIL-ONLY** for Oil, NOT Water

**PIG® PEAT Absorbent**

**PLP404** • 5 kg/bag • Absorbs up to 30 L/bag

**Non-flammable granules remove oily sheen, even from roadways.**

- Fast-acting absorbent is chemically inert; compatible with almost any liquid
- Remains granular, even when saturated, for excellent retention; stands up to heavy traffic without releasing liquids
- Fire-retardant product is ideal for use with low-flash point solvents and other flammables

**UNIVERSAL** for Oils, Coolants, Solvents & Water

**PIG® GRIP-DRI**

**PLPE260** • 15 kg bag • Absorbs up to 19.8 L/bag

# PIG® Quick-Selection Guide: Wipes

Compare wipes at a glance with our Performance Rating (PR) system — the higher the PR number, the higher the performance you can expect!

for all wipes. For more help choosing, please contact your preferred distributor.

See the table below for more details, along with page references

	Performance Rating	Wipe Name/Brand	Page
<p><b>Ultra-Duty</b></p> <ul style="list-style-type: none"> <li>Highly absorbent</li> <li>Binder-free and unaffected by solvents</li> <li>Ultra abrasion resistance and wet strength</li> </ul> 	100	PIG® Disposable Polishing & Wiping Cloths	26
<p><b>Heavy-Duty</b></p> <ul style="list-style-type: none"> <li>Thick, strong and highly absorbent</li> <li>Extremely solvent resistant</li> </ul> 			
<p><b>Medium-Duty</b></p> <ul style="list-style-type: none"> <li>Good absorbency</li> <li>Fair solvent resistance; not recommended for long-term contact</li> <li>Fair wet strength</li> <li>Economical for daily maintenance</li> </ul> 	40	PIG® All-Purpose Wipes	27
	35	PIG® Maintenance Wipes	27
		PIG® Parched Piggy Wipes	

**100** Performance Rating

Ultra-tough and reusable. Ideal replacement for rags.

## For your toughest jobs, PR100 Wipes are a disposable alternative to rags.

- Textured surface traps contaminants, so it's ideal for removing wax and particles
- Contains no chemical binders; resists solvents and can be used either wet or dry
- Low-lint material won't leave fabric fibres behind

**100**

**PIG® Disposable Polishing & Wiping Cloths**

Item #	Colour	Style	Wipes/Unit	Units/Case	Total Wipes	Size
WIP455	White	1/4 fold	25/pack	12 packs/case	300	33 cm W x 33 cm L
WIP456	White	Jumbo roll	475/case	1 roll/case	475	29 cm W x 38 cm L
WIP950	White	Flat pack	300/box	1 box/case	300	36 cm W x 46 cm L

**70**

**Performance Rating**

Repeat use, high-bulk, flexible, high absorbency

**Heavy-Duty Wipes for tough, messy jobs.**

- Perfect for cleaning oils, solvents and cutting fluids
- Made of cellulose and synthetic fibres for a combination of absorbency, strength and low-linting properties
- Ideal for working with metal shavings, machines, tools and parts with rough edges

THE INSIDE STORY

PIG® Spill Kits are packed for quick response!

Spill Control

Spill Kit Manual includes "Spills Happen" guidance and MSDS sheets.

PIG® All-Purpose Wipes clean up smaller spills.

Temporary disposal bags and ties simplify cleanup.

Hinged lid and double doors offer immediate access to all contents.

Lift-out cardboard tray holds socks and booms—the absorbents you need first.

UV InnerShield™ System protects absorbents from UV degradation.

PIG® Socks contain and divert spills.

"When a Spill Strikes" Poster is a quick reference source during response.

Adjustable shelves keep absorbents organised.

PIG® Mat and PIG® Pillows soak up the spill once it's contained.

PIG® Mat and PIG® Pillows soak up the spill once it's contained.

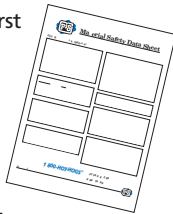

These 7 steps will help you effectively respond to spills!

**1 Assess the risk**

When a spill happens, first assess the risk to:

- Human health
- The environment
- Property

Identify the spilled material either from the container's label or from the Material Safety Data Sheet (MSDS).

**2 Select PPE**

Choose the appropriate Personal Protective Equipment (PPE) to respond to the spill safely. Consult the appropriate literature:

- MSDS
- Chemical manufacturer's literature
- PPE manufacturer's literature

PPE should be considered for every part of your body: suits, face protection, gloves and boots.

**3 Confine the spill**

Limit the spill area by blocking, diverting or confining the spill:

- Use PIG® Socks and Booms (see pg. 18-21) found in Spill Kits (see pg. 30-35)
- Use appropriate absorbents to ensure effective response
- Use non-absorbent barriers such as a SPILLBLOCKER® Dike (see pg. 37) or a DRAINBLOCKER® Drain Cover (see pg. 36)

Stopping the spread of liquid to a water source, minimising the spill area and protecting drains are the priorities.

**4 Stop the source**

Once the spill is confined, locate and stop the source by:

- Turning the container upright; or,
- Closing the valve; or,
- Plugging the leak in the damaged container

**5 Evaluate and clean up**

Reassess the incident and develop a cleanup action plan. Use:

- PIG® Pillows and PIG® Mat Pads to absorb the rest of the spill
- Place pillows throughout the spill area
- Once the absorbents are saturated, they should be disposed of properly

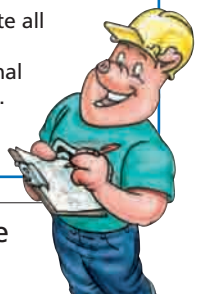

**6 Decontaminate**

After the cleanup operation is finished, it is imperative to decontaminate your site, equipment and personnel.

**7 Complete any reports**

As soon as possible, complete all notifications and reporting required by local and national guidelines for spill incidents.

# PIG® Quick-Selection Guide: Spill Kits

No matter what type of spill cleanup you're facing, you'll find a PIG® Spill Kit to make the job easier! Use the table below to find exactly the kit you're looking for!

Key:

- UNIVERSAL Absorbs Oils, Coolants, Solvents & Water
- HAZ-MAT Absorbs Most Acids & Caustics
- OIL-ONLY Absorbs Oil, NOT Water

\* Can be stored outdoors with UV-protective cover.

ATTENTION: Independent testing indicates that PIG® HAZ-MAT products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG® HAZ-MAT products prior to purchase. If you have any questions, please contact your preferred distributor.

### Eco-Friendly Spill Kit

High recycled-content absorbents in an eco-friendly wallet.

- Hi-viz, reusable bag made of jute plant bark; durable with waterproof lining
- Eco-friendly absorbents reuse materials that normally enter a waste stream
- Absorbs up to 7 litres

**KITE210**

**What you should know about this kit**

**How to store:** hang on wall, stow in vehicle or storage cabinet.

**How to transport:** grab and go.

**Where to use:** carry on lorries or stow near spill-prone areas at your facility.

**PIG® Eco-Friendly Compact Spill Kit – Universal**

**KITE210** • Absorbs up to 7 L  
38 cm W x 46 cm H

**RFLE210** • Refill only • Absorbs up to 7 L

**KITE210 & RFLE210 Contents** • 4 Mat Pads • 1 Pillow  
2 Temporary disposal bags and ties

**For detailed Kit contents, please contact your preferred distributor.**

**What type of Kit do you need?**

For your convenience, all Kits are available in three versions based on the type of liquid they absorb.

### Eco-Friendly Spill Kit

Organic bag holds absorbents with high recycled content.

- Reusable spill bag is made from jute plant bark; naturally strong and durable with waterproof inner coating
- Eco-friendly absorbents reuse materials that normally enter a waste stream

NOTE: For square drains, choose a size that overlaps your drain by at least 8 cm on each edge. For round drains, choose a size that is at least 8 cm larger than your drain's diameter.

**PLR233**

Round drain covers create a tight seal on round drains.

## DRAINBLOCKER® Drain Covers create a tight seal to keep unwanted liquids out!

- Super-durable top layer withstands repeated use and resists abrasion; tacky bottom layer tightly seals drain opening
- Polyurethane construction resists water, oil and many chemicals
- Moulds to uneven surfaces to create a temporary drain seal
- Add a **Drain Cover Bag** for easier transport to the spill location

### DRAINBLOCKER® Drain Covers

- PLRE241** • 46 cm W x 46 cm L x 1.3 cm H
- PLRE244** • 61 cm W x 61 cm L x 1.3 cm H
- PLRE245** • 76 cm W x 76 cm L x 1.3 cm H
- PLRE242** • 91 cm W x 91 cm L x 1.3 cm H
- PLRE246** • 107 cm W x 107 cm L x 1.3 cm H
- PLRE243** • 122 cm W x 122 cm L x 1.3 cm H

### DRAINBLOCKER® Round Drain Covers

- PLR233** • 1.3 cm H x 30.5 cm ext. dia.
- PLR240** • 1.3 cm H x 51 cm ext. dia.

### DRAINBLOCKER® Drain Cover Bag

- PLR232-18** • Small • 54 cm x 18 cm • Use with PLRE241
- PLR232-24** • Medium • 70 cm x 18 cm • Use with PLRE244
- PLR232-36** • Large • 98 cm x 18 cm • Use w/PLRE242 & PLRE245
- PLR232-48** • X-large • 128 cm x 23 cm • Use w/PLRE246 & PLRE243

NOTE: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical product life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state.

DRAINBLOCKER® Drain Cover Bag hangs on the wall for easy access during emergency spill response situations.

HogHyde® top stands up to repeated driveovers.

**PLR306**  
137 cm x 137 cm

with

Skin

NOTE: For square drains, choose a size that overlaps your drain by at least 8 cm on each edge. For round drains, choose a size that is at least 8 cm larger than your drain's diameter.

**PLR312**  
30.5 cm Dia.

Protect round drains in areas with heavy vehicle traffic.

## Industry-first Drain Cover is tough enough to drive over and seals drains tight.

Our Drive-Over DRAINBLOCKER® Drain Cover is built to last, even under the punishment of heavy vehicle traffic.

- Patented-rubber HogHyde® top layer protects bottom to ensure tight seal
- Improved super-sealing urethane bottom layer conforms to uneven surfaces and tightly seals drains to block liquid
- Polyurethane and rubber materials resist water, oil and many chemicals
- Withstands UV rays, infrared light and all weather conditions
- For easy storage, use PLR232 (see above)

### PIG® Drive-Over DRAINBLOCKER® Drain Cover

- PLR300** • 46 cm W x 46 cm L x 1 cm H
- PLR301** • 61 cm W x 61 cm L x 1 cm H
- PLR302** • 76 cm W x 76 cm L x 1 cm H
- PLR303** • 91 cm W x 91 cm L x 1 cm H
- PLR304** • 107 cm W x 107 cm L x 1 cm H
- PLR305** • 122 cm W x 122 cm L x 1 cm H
- PLR306** • 137 cm W x 137 cm L x 1 cm H
- PLR307** • 46 cm W x 152 cm L x 1 cm H
- PLR308** • 91 cm W x 152 cm L x 1 cm H
- PLR309** • 76 cm W x 137 cm L x 1 cm H
- PLR312** • 30.5 cm Dia. x 1 cm H
- PLR320** • 51 cm Dia. x 1 cm H

Typical product life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state.

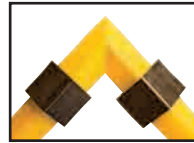

## Reusable barrier prevents spills from reaching drains or inventory.

- Forms a tight seal on smooth surfaces and is flexible enough to conform to irregular curves
- Perfect for diverting liquids away from drains, stock or anything else you want to keep dry
- Made of flexible, non-absorbent polyurethane
- Reusable — cleans easily with soap and water
- Resists water, oil and most chemicals

PLRE204 available in:

Yellow

Black

Add corners and connectors to join dikes together.

### SPILLBLOCKER® Dike

**PLRE204** • Barrier • Choose Colour  
10 cm W x 3 m L x 6 cm H

**PLRE205** • Connector • Colour: Black  
10 cm L x 6 cm H

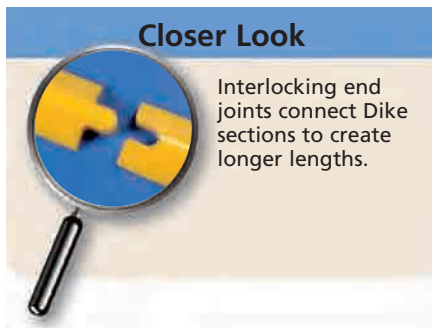

**PLRE206** • Corner • Colour: Yellow  
10 cm W x 10 cm L x 6 cm H

NOTE: The physical properties of these products may change under certain conditions.

## Quickly clean up around machines by confining leaks with a PIG® LEAKBLOCKER Dike.

- Contains leaks without absorbing them; makes spill cleanup or liquid reclamation easier; helps keep aisles dry for a safe, clean work environment
- Flexible — mould to fit angles or curves

### Close Look

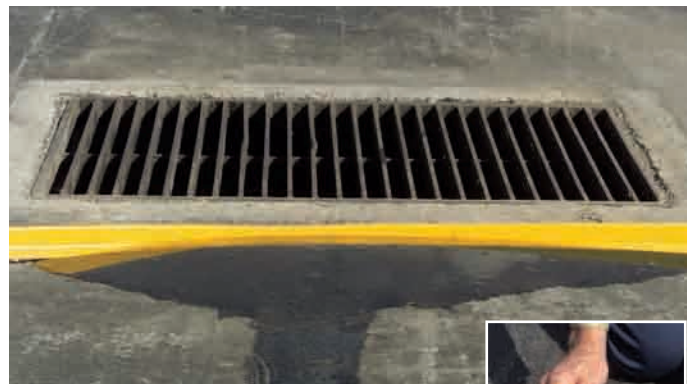

Interlocking end joints connect Dike sections to create longer lengths.

### PIG® LEAKBLOCKER Dike

**PLR212** • 6 cm W x 3 m L x 3.5 cm H

NOTE: The physical properties of these products may change under certain conditions.

NOTE: All SPILLBLOCKER® Dikes shown on this page are designed for temporary use only. Pick up after each use, clean, then store properly. Do not leave down for extended periods of time. SPILLBLOCKER® Rough Surface Dike (PLR230) is intended for one-time use only.

## Rough Surface Dike even contains spilled liquids on tarmac!

- Ordinary spill barriers don't keep liquids from seeping underneath tarmac and brushed concrete
- Super-sticky bottom layer forms a tight seal with rough surfaces
- Inexpensive enough to be disposable, making it ideal for confining hazardous liquids
- 6 cm high — contains spills up to 5 cm deep
- Intended for one-time use only — not designed to be left down for extended periods of time

Bottom surface "seeps" into surface cracks to form a tight seal.

### SPILLBLOCKER® Rough Surface Dike

**PLR230** • 6 cm H x 5 cm W x 3 m L

Contents • 1 SPILLBLOCKER® Rough Surface Dike with Tacky Bottom • 1 Connector • 1 Yellow disposal bag

NOTE: The physical properties of these products may change under certain conditions.

## Diverter Kit has everything you need to rapidly respond to overhead leaks.

- Impermeable tarp is vinyl coated for strength and durability; resists punctures, UV and mildew
- Hang grommeted tarp from ceiling using included rubber straps
- Hose channels liquid from tarp to floor drain or collection container; clear material lets you monitor flow
- 24.6 L pail can be used as a collection container for diverted liquid
- Flow rate of 12.6 litres/minute

Bucket makes a great drainage container.

Included straps and grommets make hanging easy.

Translucent diverter lets light pass through.

762 cm L clear drainage hose lets you monitor water flow.

**TLS121**

### PIG<sup>®</sup> Leak Diverter Bucket Kits for Roofs

**TLS121** • Includes a 152 cm x 152 cm Leak Diverter

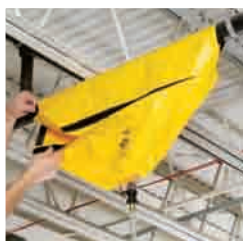

**TLS121 Contents** • 1 - 762 cm L Drainage hose • 4 - 48 cm L Rubber straps • 1 - 24.6 L Bucket  
1 - 1.9 cm Drain fitting

NOTE: Limited chemical-resistance; not suitable for temperatures over 88°C.

## Contain dripping or spraying pipes with this wraparound Diverter!

- Safely avoid downtime after a leak
- Impermeable tarp is vinyl coated for strength; resists puncture, UV, mildew and flame
- Tapered to funnel liquid for better drainage
- Accepts a standard 1.9 cm hose connection to channel liquid to floor drain or collection container (hose sold on pg. 39)
- Flow rate of 12.6 litres/minute

Just wrap around a spraying pipe and secure with hook-and-loop closures.

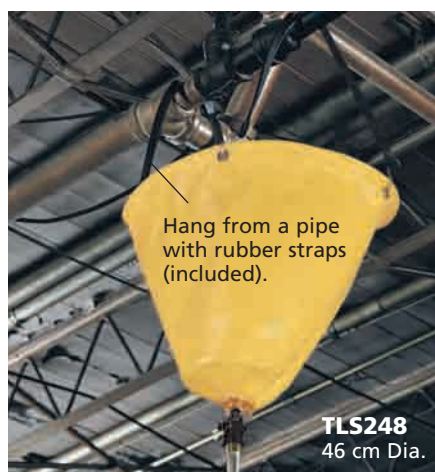

### PIG<sup>®</sup> Leak Diverter for Pipes – Horizontal

**TLS147** • 76 cm L x 47 cm H

**Contents** • 1 - Leak Diverter • 1 - 1.9 cm Drain fitting

NOTE: Limited chemical resistance; not suitable for temperatures over 88°C.

Hang from a pipe with rubber straps (included).

**TLS248**  
46 cm Dia.

**TLS691**

61 cm diameter offers a larger opening to catch bigger leaks and sprays.

## Divert leaks from overhead pipes to protect equipment and personnel.

- Heavy-duty vinyl fabric resists UV, punctures and mildew; coloured material adds flame resistance
- Available in three sizes with openings from 30.5 cm to 61 cm in diameter
- Includes built-in eyelets and bungee cords to make hanging easy
- Accepts a standard 1.9 cm hose connection to channel liquid to floor drain or collection container (hose sold on pg. 39)
- Flow rate is 12.6 L per minute when used with 1.2 cm ID hose

### PIG<sup>®</sup> Leak Diverter for Pipes

Specify colour: Clear, Grey or Yellow

**TLS200** • 30.5 cm Dia. x 30.5 cm H • 1.9 cm drain fitting and 4 rubber straps included

**TLS248** • 46 cm Dia. x 46 cm H • 1.9 cm drain fitting and 4 rubber straps included

**TLS691** • 61 cm Dia. x 61 cm H • 1.9 cm drain fitting and 4 rubber straps included

NOTE: Limited chemical-resistance; not suitable for temperatures over 88°C.

# Overhead drips? Stay dry and keep floors safe with a PIG® Leak Diverter.

Hold diverters in place with rubber hanging straps, sold separately below.

**TLS462**  
Translucent

- Available Colours:
- Black
  - Clear
  - Green
  - Grey
  - Red
  - Translucent

Protect your workers and your equipment from overhead leaks with a heavy-duty PIG® Leak Diverter! Helps prevent slip-and-fall accidents and water damage to expensive machinery and inventory inside your workplace.

- Tarp uses a 1.9 cm hose connection to drain water safely away from your work area — **Drainage Hoses** (TLS679, TLS690) sold separately below
- Resists punctures, UV and mildew
- Versions with coloured vinyl are flame-resistant for extra protection
- Grommets along each side for easy installation and tear protection; **Rubber Straps** (TLS470-TLS472) sold separately below
- Flow rate is 12.6 L per minute
- Installation is quick and easy

### PIG® Leak Diverter for Roofs

Specify colour: Black, Clear, Green, Grey, Red or Translucent

<b>TLS552</b>	• 76 cm W x 76 cm L

Rubber Hanging Straps

**TLS679**  
Drainage Hose

#### Accessories for PIG® Leak Diverters

<b>TLS470</b>	• Rubber straps • 4/pack • 36 cm L
<b>TLS471</b>	• Rubber straps • 4/pack • 49 cm L
<b>TLS472</b>	• Rubber straps • 4/pack • 61 cm L
<b>TLS679</b>	• Clear drainage hose 1 each • 1.9 cm Dia. x 762 cm L
<b>TLS690</b>	• Clear drainage hose 1 each • 1.9 cm Dia. x 305 cm L

Channel diverted liquid into a portable Tank.

Low-profile tanks fit tight spaces. Polyethylene won't rust or corrode. 1.9 cm hose fitting and 7.6 cm port for easy draining.

#### Tote-N-Stor® Holding Tanks

<b>TLS683</b>	• Capacity 22.7 L 30 cm W x 51 cm L x 20 cm H
<b>TLS684</b>	• Capacity 41.6 L 36 cm W x 81 cm L x 20 cm H
<b>TLS685</b>	• Capacity 56.8 L 43 cm W x 79 cm L x 24 cm H

NOTE: Limited chemical-resistance; not suitable for temperatures over 88°C.

Tanks capture liquids when no drain is available.

## Catch and divert 38 litres of liquid per minute with this PIG® High Flow Leak Diverter.

TLS676

- Diverts liquid from pressure washing or hosedowns
- Catches liquid and channels it to a drain, preventing puddling and wet floors, which can lead to slips and falls
- Integrated 5 cm x 762 cm L flat vinyl hose drains up to 38 L of liquid per minute
- 12-mil reinforced vinyl is chemical, puncture and UV resistant; won't leak
- Hanging straps sold on pg. 39

### PIG® High Flow Leak Diverter

TLS675 • 183 cm W x 183 cm L

TLS676 • 340 cm W x 340 cm L

NOTE: Limited chemical-resistance; not suitable for temperatures over 88°C.

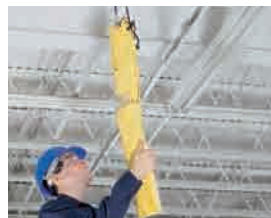

Maintenance

Attach drain hose (included) to hose fitting and divert liquids to a drain or bucket.

Hangs anywhere for quick deployment when you need it!

Just hook the "umbrella" handle over a pipe and deploy!

## Quick-deploying Leak Diverter is as easy to open as your umbrella!

- Channel away drips to help keep your area and floors safe and dry
- Easy setup — hook on rafter or pipe, pull off sleeve and attach included 3 m hose (1.9 cm drain fitting for longer hoses if necessary)
- Flame-resistant vinyl-coated fabric — strong, durable and impermeable
- Flow rate is 12.6 L per minute

### PIG® Leak Diverter Quick Deploy Kit

TLS461 • 1 Leak Diverter 76 cm x 76 cm  
1 Drain Hose 762 cm

NOTE: Limited chemical resistance; not suitable for temperatures over 88 °C.

## Channel leaks under sections of overhead pipe with a sloping PIG® Leak Diverter.

- Natural slope channels away liquid — just attach it with the simple hook-and-loop strips
- 1.9 cm connection accepts a drainage hose (see pg. 39)
- Helps keep your floors, equipment and inventory dry
- Heavy-duty vinyl-coated fabric resists punctures, UV and mildew, so it won't leak or seep liquid

### PIG® Leak Diverter for Pipes Sloping Style

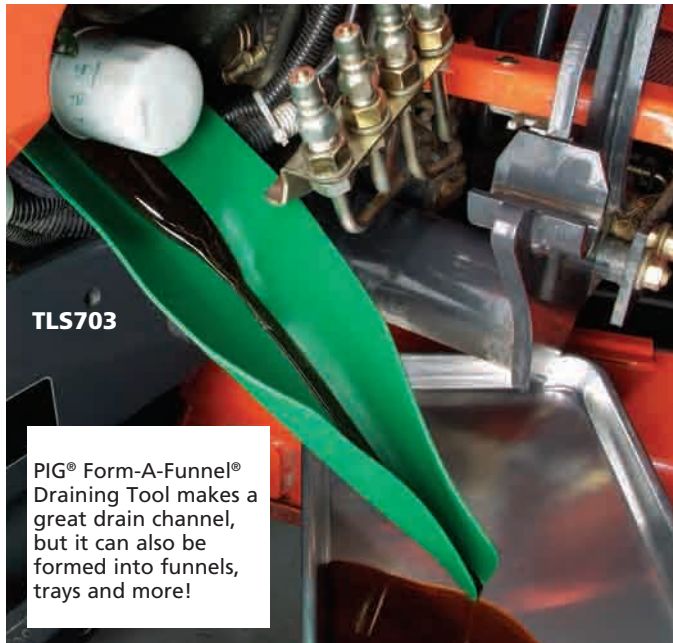

TLS562 • 1 Leak Diverter • 305 cm

TLS563 • 1 Leak Diverter • 457 cm

NOTE: Limited chemical resistance; not suitable for temperatures over 88 °C.

**TLS703**

PIG® Form-A-Funnel® Draining Tool makes a great drain channel, but it can also be formed into funnels, trays and more!

## Divert oil around engine parts for no-mess oil changes!

- Mould and bend into custom shapes to create leakproof channels for draining fluids
- Soft rubber edge forms a seal around filters or drains
- Thick nitrile rubber encases a thin layer of aluminium alloy; reshape and reuse thousands of times
- Highly compatible with common vehicle liquids and chemicals

### PIG® Form-A-Funnel® Flexible Draining Tool

**TLS703** • 16.5 cm W x 37 cm L

**TLS704** • 13 cm W x 74 cm L

Patent 7,851,038

NOTE: TLS704 contains a lead core and must be disposed of according to regulations.

## Capture waste liquids with poly Recovery Pans.

**TLS293**

- **Large Pan (TLS293)** holds up to 55 L of antifreeze, transmission fluid or motor oil, plus 4 filters for draining; includes built-in pouring spout and wheels for easy transportation
- **Medium Pan (TLS106)** holds up to 14 L; features built-in hand grip for carrying and dispensing

**TLS106**

**TLS145**

- **Mess Buster™ Oil Pan (TLS145)** holds up to 10.4 L; cover collection area with lid for clean writing surface and neat storage

### Drain 'N Contain® Oil Recovery Pans

**TLS293** • Large • 55 L storage capacity  
66 cm W x 94 cm L x 25 cm H

**TLS106** • Medium • 14 L storage capacity  
46 cm W x 61 cm L x 15 cm H

**TLS145** • Mess Buster™ Oil Drain • 10.4 L storage capacity  
42 cm W x 49.5 cm L x 16.5 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

## Ship containers in these Overpack Drums.

- 100% polyethylene overpacks are light weight and chemical resistant
- PAK725 is an X-Rated Overpack for Packing Groups I, II and III; ideal for shipping drums up to 210 litres
- PAK384 is an X-Rated Overpack for Packing Groups I, II and III and ships drums up to 115 litres
- PAK708 and PAK709 are X-Rated Overpacks for Packing Groups I, II and III; PAK708 ships drums up to 76 litres, PAK709 ships small containers

Lid opens with a quick half turn.

**PAK708**  
76 litre

**PAK709**  
115 litre

**PAK384**  
246 litre

**PAK725**  
360 litre

Drum is easily moved by forklift using ledges.

Notched lid for closing with pole.

**PAK201**

Cover (PAK201) protects kit contents; fits PAK725 and PAK384.

### Protective Cover for PIG® Overpack

**PAK201** • Yellow

### PIG® Overpack Drum

**PAK725** • 360 Litre • UN1H2/X295/S  
105.5 cm H x 80 cm Ext. Dia.

**PAK384** • 246 Litre • UN1H2/X200/S • 95 cm H x 72 cm Ext. Dia.

**PAK709** • 115 Litre • UN1H2/X100/S • 79 cm H x 57 cm Ext. Dia.

**PAK708** • 76 Litre • UN1H2/X75/S, UN1H2/Y100/S  
55 cm H x 59 cm Ext. Dia.

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

NOTE: Overpacks are not approved for air transport.

### The affordable way to contain drips from 210 L drums.

- Captures small drips that can create slip-and-fall hazards
- Strong, light weight polyethylene won't rust or corrode
- **PIG® Drum Spill Tray (DRM369)** holds 19 litres of liquid with a 210 litre drum in place
- **PIG® Drum Spill Tray with Grate (DRM371)** keeps drums out of collected liquids; just lift out grates for access to sump; pour hole allows you to recapture collected liquids

#### PIG® Drum Spill Tray

**DRM371** • Tray with grate • 82 cm W x 82 cm L x 21 cm H

**DRM369** • Tray only • 82 cm W x 82 cm L x 21 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

25 cm poly wheels add mobility.

Dispense liquids into containers — without removing drum.

### Mobile Dolly is a dispensing rack and a containment unit!

- Transports 210-litre drums; tilts to create a dispensing station and acts as secondary containment
- Dispensing well contains minor leaks and drips from a drum tap
- One-piece polyethylene construction with UV inhibitors; corrosion-proof, durable, won't degrade in sunlight
- Features poly wheels for smooth transport

#### PIG® Mobile Dispensing Dolly

**DRM662** • 272 kg load capacity • 303 L sump capacity  
83 cm W x 175 cm L x 67 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

Material Handling

### Catch spills if containers leak, drip or crack.

- Built-in pour spout for quick and easy sump drainage
- Chemical-resistant polyethylene won't rust or corrode
- Translucent sidewalls make it easy to spot leaks
- Compact size fits on tabletop, counter or workbench
- Choose from two sizes: **PAK371** holds 5.6 litres; **PAK372** holds 11.3 litres

#### PIG® Countertop Spill Containment Tray

#### PAK371

Smaller size is ideal for use in labs.

**PAK371** • 1 Tray • 43 cm x 30.5 cm x 10 cm • Capacity 5.6 L

**PAK372** • 1 Tray • 53 cm x 43 cm x 10 cm • Capacity 11.3 L

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

# Cover your entire drum top for neat, easy pouring and draining.

- Zig-zag ridges prevent splashes and catch parts or tools
- Double-walled polyethylene won't rust or corrode
- Level inside surface keeps draining containers from tipping over
- Special design permits a quick visual inspection when using a **Pop-Up Fill Gauge** (sold below)
- **DRM672** features 10 cm-high sidewalls for added splash protection; large-diameter funnel with hinged lid fits steel or poly 210 L tight-head drums
- **DRM452 and DRM454** feature 6.7 cm-high sidewalls for pouring up to 23 L; funnel fits 210 L closed-head and 115 L closed-head or open-head steel drums

DRM672

## PIG® Poly Drum Funnel

**DRM672** • With hinged lid • 67 cm W x 73 cm L x 29 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

## PIG® Poly Drum Funnel

**DRM452** • Funnel only • 14 cm H x 60 cm Dia.

**DRM454** • Funnel with cover • Black • 19 cm H x 63 cm Dia.

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

DRM454

Funnel with cover keeps drum contents clean.

DRM672

Horseshoe design accommodates a **Pop-Up Fill Gauge** (sold below) to help prevent overfilling.

## Never overfill a drum again.

Polyethylene gauge “pops up” when drum is almost full to help prevent overfilling. Fits standard 3/4" bung hole. Longer gauge (DRM317) gives an earlier indication that the drum is close to being full.

DRM245

## Pop-Up Drum Fill Gauge

**DRM245** • 13 cm L

**DRM317** • 28 cm L

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

## This PIG® Funnel lets you pump liquids with the funnel in place.

- Funnel covers entire drum top and channels liquids from draining containers
- Pump Adapter fits 2" bungs in 210-litre closed-head and 115-litre closed-head or open-head steel drums; also fits pump tubes up to 4.13 cm
- Built-in filter removes small debris

## PIG® Poly Drum Funnel with Pump Adapter

**DRM455** • Drum Funnel with Pump Adapter  
14 cm H x 60 cm Dia.

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

## Answer these 5 questions to find the best containment product for your application.

Finding the right containment product to fit your application doesn't have to be complicated. The questions below gather basic information about the liquids you want to store and will help guide you to the appropriate product pages listed at the left.

For more help choosing the best PIG® Product for your containment needs, just ask your preferred distributor.

### Containment:

#### Trays & Pools

- Parts storage
  - Drive-in containment
  - Portable leak protection
- See pg. 45-46

#### Poly Spill Pallets

- Large sump capacity
  - Forkliftable
  - Lowest profile on the market
- See pg. 47

#### Poly Decks

- High strength, UDL
  - Low profile
  - Cost-effective, large-volume storage
- See pg. 48

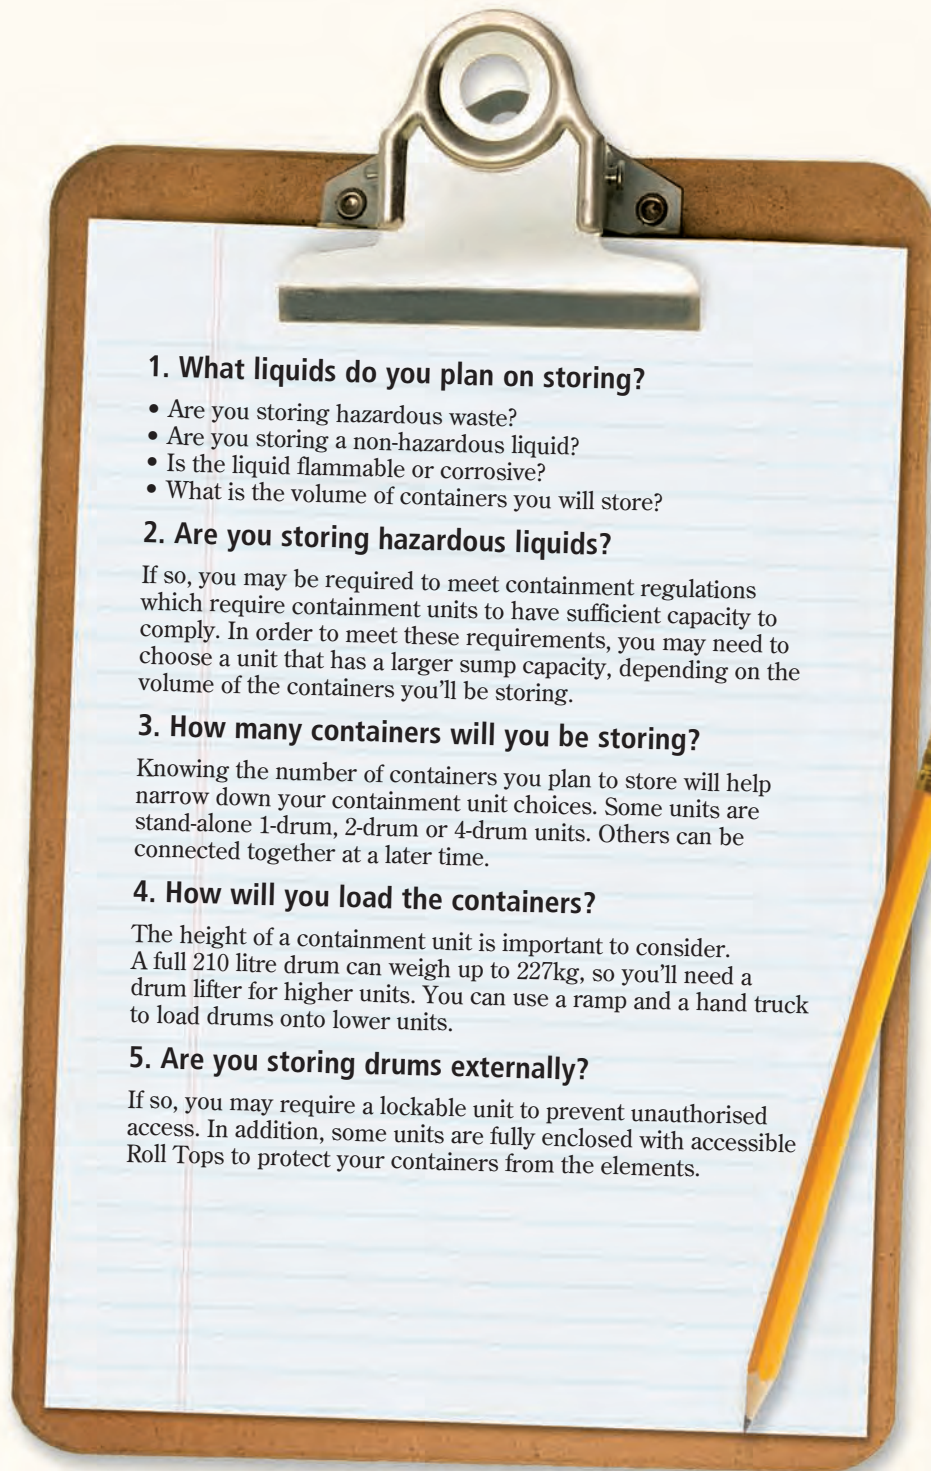

#### IBC Containment

- High strength, UDL
  - Large sump capacity
  - Forkliftable unloaded
- See pg. 47, 49

#### Roll Tops

- Covered protection
  - Generous clearance
  - Forkliftable
- See pg. 49

#### 1. What liquids do you plan on storing?

- Are you storing hazardous waste?
- Are you storing a non-hazardous liquid?
- Is the liquid flammable or corrosive?
- What is the volume of containers you will store?

#### 2. Are you storing hazardous liquids?

If so, you may be required to meet containment regulations which require containment units to have sufficient capacity to comply. In order to meet these requirements, you may need to choose a unit that has a larger sump capacity, depending on the volume of the containers you'll be storing.

#### 3. How many containers will you be storing?

Knowing the number of containers you plan to store will help narrow down your containment unit choices. Some units are stand-alone 1-drum, 2-drum or 4-drum units. Others can be connected together at a later time.

#### 4. How will you load the containers?

The height of a containment unit is important to consider. A full 210 litre drum can weigh up to 227kg, so you'll need a drum lifter for higher units. You can use a ramp and a hand truck to load drums onto lower units.

#### 5. Are you storing drums externally?

If so, you may require a lockable unit to prevent unauthorised access. In addition, some units are fully enclosed with accessible Roll Tops to protect your containers from the elements.

## Rugged poly Trays keep slippery messes off your floors.

- Ideal for temporary storage of small containers that may leak or drip liquids onto the floor, creating a slip-and-fall hazard
- Heavy-duty walls won't bend or warp
- Stackable trays store easily when not in use
- Ribs on bottom of tray elevate items to keep them away from spills

### PIG® Utility Trays

Outside dimensions listed

**PAK918** • 41 cm W x 133 cm L x 13 cm H

**PAK919** • 72 cm W x 133 cm L x 13 cm H

**PAK920** • 86 cm W x 132 cm L x 13 cm H

**PAK921** • 72 cm W x 102 cm L x 13 cm H

**PAK922** • 102 cm W x 102 cm L x 13 cm H

30cm-high sidewalls provide support and prevent stored material from rolling off grate.

**PAK472**

## Utility Spill Basin with 30 cm-high sidewalls contains up to 284 litres.

- 30 cm-high sidewalls contain splashes when cleaning parts; minimises the amount of liquid on the floor
- Open sump and removable grate makes it easy to spot leaks
- Light weight, chemical-resistant polyethylene won't rust or corrode
- Sump capacity beneath grating is 53 litres; total basin capacity is 284 litres

### PIG® Utility Spill Basin

**PAK472** • Spill Basin • Total capacity: 284 Litres  
Grate dim.: 60 cm W x 121 cm L x 7 cm H  
Total dim.: 89 cm W x 147 cm L x 30 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

**PAK231**

## Pile oily parts in a PIG® Utility Tray to keep slippery messes off your floor.

- Chemical-resistant polyethylene features heavy-duty walls that won't bend or warp
- Ribs on bottom of tray elevate stored items to keep them away from captured liquids
- Slots in end of tray allow easy retrieval and positioning; can also be tied down to prevent tray from sliding or tipping over
- Ideal for temporary storage of small containers that may leak or drip liquids

### PIG® Utility Tray

**PAK231** • 38 cm W x 30 cm L x 2.5 cm H

**PAK232** • 46 cm W x 61 cm L x 5 cm H

**PAK233** • 76 cm W x 76 cm L x 5 cm H

**PAK234** • 61 cm W x 91 cm L x 8 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

Aluminium-reinforced straps lie flat for easy access.

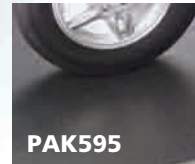

Collapsible sidewalls allow unit to fold easily.

**PAK593**

**PAK594**  
Ground Tarp

Place Ground Tarp underneath Collapse-a-tainer® System for extra protection on paved surfaces.

**PAK595**

Track Belting offers heavy protection against lorry tyres.

## Create drive-in containment in minutes with this easy-to-carry System.

- Ideal for use under storage, tote or pillow tanks or loaded pallets — even tanker leaks in remote areas
- Portable and light weight, it sets up in minutes with no assembly required and no pieces to lose
- Patented collapsible walls with counterbalanced outside locking supports stay rigid and upright, yet fold in seconds for storage
- Includes a storage bag for protection when not in use
- Ground Tarp (PAK594) and Track Belting (PAK595) add extra protection to extend the life of your system

### PIG® Collapse-a-tainer® Containment System

**PAK591** • Small • 678 L sump capacity  
122 cm W x 183 cm L x 30 cm H

**PAK592** • Medium • 1,359 L sump capacity  
183 cm W x 244 cm L x 30 cm H

**PAK593** • Large • 2,831 L sump capacity  
305 cm W x 305 cm L x 30 cm H

### Accessories for Collapse-a-tainer® Containment System

Sold per 30 cm increment

**PAK595** • Heavy-Duty Track Belting  
91 cm W x specify length

**PAK594** • Ground Tarpaulin  
335 cm W x 335 cm L

## Try the PIG® Portable Containment Pool for easy-open use!

Position the pool under the leak to catch and contain liquids.

- Inexpensive spill catcher deploys quickly and folds for easy storage
- Heavy-duty, vinyl-coated polyester; foam ring rises with level of liquid
- Ideal for response to blown hydraulic lines and leaking containers; also useful during decontamination of spill responders

### PIG® Portable Containment Pool

**PAK925** • Orange • 76 L storage capacity  
74 cm D base • 56 cm D top opening • 28 cm H

**PAK926** • Orange • 250 L storage capacity  
122 cm D base • 93 cm D top opening • 30 cm H

**PAK927** • Orange • 379 L storage capacity  
147 cm D base • 121 cm D top opening • 30 cm H

**PAK928** • Orange • 568 L storage capacity  
180 cm D base • 145 cm D top opening • 33 cm H

### PIG® Portable Containment Pool Bags

**PAK929** • Storage bag for 76-litre pool

**PAK930** • Storage bag for 250-litre pool

**PAK931** • Storage bag for 379-litre pool

**PAK932** • Storage bag for 568-litre pool

### Truck Mount Carrier

**PAK572** • 33 cm W x 70 cm L x 29 cm H

Expands instantly for deployment; folds easily for storage.

Truck Mount Carrier provides instant access during an emergency.

**ISO 14001**

**PAK210**

Easy-to-load  
25cm profile

Anti-slip surface  
provides secure footing  
and drum placement  
(both models).

**PAK605**

## Spill Pallets store up to 4 drums and help you meet regulations.

100% polyethylene with UV inhibitors resists weather and most chemicals. Grates lift out for sump access. **4-drum pallet** (PAK210) supports four fully loaded steel or poly drums; **2-drum pallet** (PAK605) fits into tight spaces.

**PAK212**  
Fluorinated Spill Pallet offers extra chemical resistance.

### PIG<sup>®</sup> Poly Spill Containment Pallets

**PAK605** • 2-Drum • 680 kg load capacity  
250 L sump capacity • 73 cm W x 135 cm L x 41 cm H

**PAK210** • 4-Drum • 2,722 kg UDL load capacity  
250 L sump capacity • 130 cm W x 130 cm L x 25 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

NOTE: PAK605 not recommended for long-term storage of poly drums.

### PIG<sup>®</sup> Poly Plus Spill Containment Pallet

**PAK212** • 4-drum • 2,722 kg UDL  
250 L sump capacity • 130 cm W x 130 cm L x 25 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

## Low-profile, Heavy-Duty Pallets are strong enough to store fully loaded steel or poly drums!

Great for storing liquids with high specific gravities in steel or poly 210 L drums. Pallets can be moved whilst loaded with drums. Removable anti-slip grate lifts out for easy access to sump.

**PAK604**

**ISO 14001**

At only 22cm high it's half the height of other 2-drum Pallets. Easy to load and unload!

**PAK672**

Forklift entry pockets provide easy access from multiple sides.

**PAK734**

Light weight, Poly Loading Ramp (PAK734) is easy to position and move.

### PIG<sup>®</sup> Heavy-Duty Low Profile Pallet

**PAK604** • 2-Drum • Heavy-duty • 2,041 kg load capacity  
250 L sump capacity • 168 cm L x 102 cm W x 22 cm H  
Deck surface: 132 cm L x 66 cm W

**PAK672** • 4-Drum • Heavy-duty • Black • 4,082 kg load capacity  
284 L sump capacity • 159 cm L x 159 cm W x 22 cm H  
Deck surface: 132 cm L x 132 cm W

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

### PIG<sup>®</sup> Poly Loading Ramp

**PAK734** • Low profile ramp • For 22 cm high pallets  
120 cm L x 72 cm W x 25 cm H • 317.5 kg load capacity

## Low-profile IBC Containment Unit allows for easier dispensing.

- 66 cm high — low profile for easier access and dispensing
- All-poly construction resists rust, corrosion and most chemicals
- Full 1.32 m x 1.32 m grate deck surface makes it easy to position IBCs; no open voids in surface
- Anti-slip surface on grates provides secure footing

**PAK736**  
Unit with bucket shelf has its own mini-sump (bulkheaded to main sump) to catch drips during dispensing.

### PIG<sup>®</sup> Poly IBC Containment Units

**PAK735** • 1,363 L sump capacity • UDL capacity: 3,856 kg  
157 cm W x 157 cm L x 66 cm H

**PAK736** • With bucket shelf • 1,363 L sump capacity  
UDL capacity: 3,856 kg • 157 cm W x 157 cm L x 66 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

**ISO 14001**

Anti-slip grate surface provides secure footing.

**PAK735**

2-way forklift entry for easy movement when not loaded.

## Poly Drip Decks capture drips from containers and drums before they cause slip-and-fall hazards.

- Keep leaky drums and containers from creating puddles and slick spots on your floors
- Low 15 cm profile for easy loading and unloading offers easy access to drum tops
- Chemically compatible polyethylene construction won't rust or corrode
- Removable grate gives you quick access to the sump for easy cleaning

### PIG® Poly Drip Deck

**PAK527** • 1-drum • Capacity: 42 L  
66 cm x 66 cm x 15 cm

**PAK565** • 2-drum • Capacity: 83 L  
132 cm x 66 cm x 15 cm

**PAK566** • 4-drum • Capacity: 167 L  
132 cm x 132 cm x 15 cm

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

### PIG® Poly Loading Ramp

**PAK726** • Poly Loading Ramp • 272 kg load capacity  
81 cm W x 61 cm L x 15 cm H

## Easy-loading Spill Decks help you meet containment regulations.

- Create a custom drum storage area that is less expensive than building concrete walls
- Patented bulkhead fittings connect deck sections
- Made of 100% polyethylene; treated with UV inhibitors
- Strong, durable decks are built to last

with thick grates set on moulded-in supports

- Add a **Steel Ramp** (PAK538) or **Poly Ramp** (PAK726, sold above) for easy loading

### PIG® Modular Spill Decks - Poly

**PAK524** • 1-Drum • 680 kg load capacity • 42 L sump capacity  
66 cm W x 66 cm L x 15 cm H

**PAK529** • 2-Drum • 1,360 kg load capacity • 83 L sump capacity  
66 cm W x 132 cm L x 15 cm H

**PAK531** • 4-Drum • 2,722 kg load capacity • 167 L sump capacity  
66 cm W x 132 cm L x 15 cm H

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

### PIG® Adjustable Steel Loading Ramp

**PAK538** • Adjustable Steel Loading Ramp for 11-15 cm high Decks  
454 kg load capacity • 68 cm W x 97 cm L

**PAK601**  
2-drum

**PAK901**  
4-drum

Two-way forklift entry for easy movement.

**PAK601**  
Hardcover and pallet can be lifted by a forklift with drums in place.

**PAK150**  
1-Drum

**PAK150**  
To set up, simply load drum on Pallet, drop sleeve over drum and attach Roll Top Hardcover.

## Choose from 1-, 2- or 4-drum models to meet your indoor and outdoor drum storage requirements.

- Keep drum storage areas neat and organised
- Plenty of room inside — store drums with pumps and funnels in place
- Roll top slides up and out of the way — allows quick access to pumps or funnels while the rest of the unit stays closed
- Front swing-out doors (2- and 4-drum models only) allow easy loading and unloading
- Polyethylene construction with UV inhibitors withstands harsh weather
- **Steel Ramp (PAK603)** fits 2- or 4-drum models for easy loading; **Poly Ramp (PAK989)** works with single drum unit (PAK150)

### PIG® Roll Top Hardcovers

**PAK150** • 1-drum • 231 L sump capacity  
363 kg load capacity • 102 cm W x 102 cm L x 203 cm H

**PAK601** • 2-drum • 250 L sump capacity  
2,041 kg load capacity • 171 cm W x 188 cm H x 105 cm D

**PAK901** • 4-drum • 284 L sump capacity  
4,082 kg load capacity • 164 cm W x 201 cm H x 157 cm D  
NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.

### PIG® Steel Loading Ramp

**PAK603** • For PAK601 & PAK901 • 453.6 kg load capacity  
66 cm W x 170 cm L x 22 cm H

### PIG® Loading Ramp

**PAK989** • For PAK150 • Load capacity 317.5 kg  
72 cm W x 178 cm L x 30 cm H

## IBC Roll Top Hardcover for protected IBC Storage, indoors or out!

- IBC Roll Top Hardcover is designed to store IBCs with a maximum size of 132 cm L x 132 cm W x 155 cm H
- 100% polyethylene with UV inhibitors
- Roll top and doors open from both sides; can access one side at a time and can be secured with a padlock (not included)
- Two-way forklift entry for easy movement with IBC in place — no need to unload it

Two-way forklift entry for easy movement.

### PIG® IBC Roll Top Hardcover

**PAK902** • 1,363 L sump capacity • 3,856 kg load capacity  
164 cm W x 244 cm H x 157 cm D

NOTE: Not suitable for flammables. Contact your distributor for chemical compatibility.
